

# Thiel College

## Equestrian Club

Where

you can learn to ride like the wind

Thiel College Equestrian Club provides low-cost lessons and the chance to compete.

If you love horseback riding or you've always wanted to try it, the Equestrian Club wants you.

Each semester, this student organization offers various lesson options, and you can start to learn or pick up where you left off for as little as \$62.50. You can ride English, Western or both, and you don't need your own horse!

Ready to put your equestrian skills to the test? Compete in the Inter Collegiate Horse Show Association as an English or Western rider. Riders of all skill levels can compete in individual and team events.
