

Finding the Wireless MAC address of a gaming console or smart device.

[-This guide provides brief summaries on how to locate a Wireless MAC Address.](#)

- *Please note: devices that have both a wired connection port and wireless capability will have separate MAC addresses for each.*
- *If your device isn't represented here please email the Solution Center at SolutionCenter@thiel.edu or call 724 589 4000 and we'll try to add it.*
- *If you are having trouble finding your wireless MAC address using the information in this guide, try searching YouTube for videos pertaining to your specific device.*
