INTRODUCTION

Thiel College is an independent liberal arts, sciences and professional studies institution committed to providing quality undergraduate education and is accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia PA 19104 (267-284-5000), an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation. In addition to certification by the American Chemical Society, Thiel College maintains affiliations with:

- The Evangelical Lutheran Church in America
- Pennsylvania Department of Education
- National Assoc. of Independent Colleges and Universities
- Pennsylvania Assoc. of Colleges and Universities
- Council of Independent Colleges
- Assoc. of Independent Colleges and Universities of Pennsylvania

The College has an enrollment of 904 (with a capacity for 889 in on-campus housing) with currently 93 full and part time faculty members and 169 additional non-faculty employees.

Thiel College is located on a 135-acre, tree-lined campus in Greenville PA, a small town in the heart of western Pennsylvania's hill country.

Our campus is a 90-minute drive from both Pittsburgh and Cleveland, and a 60-minute drive from Erie. Thiel has ready access to metropolitan culture, but is distant enough to be safe and free from distractions.

Thiel's unique location allows our students and visitors to enjoy both the wonders of nature abundant in the western Pennsylvania countryside, including a myriad of outdoor activities, and take advantage of the dynamic cultural experiences offered in nearby cities.

This publication is prepared in accordance with Pennsylvania Legislative Act 73 of 1988, College and University Security Information Act. It is also prepared in accordance with the Jeanne Clery Disclosure of Campus Security Police and Campus Crime Statistics Reporting Act (20 USC 1092(f) as codified by 34 CFR 668.46, Institutional security policies and crime statistics and 34 CFR 668.41(e), Annual Security Report.

PUBLIC SAFETY

The Public Safety Director/Chief of Police is the administrator directly responsible for the safety and security programs of Thiel College. The department maintains a full time police department to provide police protection 24 hours a day, 7 days a week.

The department consists of sworn, armed police officers who have met the standards of Pennsylvania Municipal Police officer training, and are trained in emergency response procedures, First Aid, CPR and Act 180 (mandatory in-service training each year).

The Campus Police officers perform many functions for the College community. Their primary function is to preserve the safety of the people living and working within the College community, and to protect College property. Regular vehicle and foot patrols cover the campus, including all entrances and exits of all buildings, parking lots, and walkways. Secondary functions include locking and unlocking buildings, vehicle lockouts, battery jumps, enforcing traffic regulations and checking building equipment to ensure that proper safety and operating conditions are maintained.

The Chief of Police maintains a working relationship with the Greenville/West Salem Police department as well as the Hempfield Twp. Police department. The Chief of Police as well as all the Campus officers have the authority to arrest, if necessary. The police officers are armed. Authority to exercise the power of arrest or to issue state citations is retained by the Chief of Police. The Campus Police department also provides an on-campus escort service 24 hours a day, 7 days a week. To request an escort, call Public Safety at 724-589-2222.

The Chief of Police prepares the Annual Security Report. Crime statistics are reported annually to the State Police according to the Uniform Crime Reporting Procedure and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

REPORTING AN EMERGENCY

The following section contains the recommended guidelines to be followed during specific types of emergencies. The procedure should always be followed in sequence, unless conditions dictate otherwise.

The Department of Public Safety is staffed 24/7/365. Emergencies can be reported to the office in any of the following ways:

- A. Ext. 2222—from any campus extension
- B. 724-589-2222—from any off-campus phone

- C. **Telephone Contact:** In an emergency, Do NOT dial 911 from a College phone. Instead dial ext. 2222. Campus Police has direct contact with Fire/Police/EMS and will be able to determine your location.
- D. **Cell Phones:** Cellular 911 phone calls are answered by the Mercer County State Police and will be directed to the appropriate agency for action. Therefore, it is important to give accurate information regarding your location and the incident.
- E. In order to assist the operator in processing the call quickly and efficiently, please be prepared to give the following information:
 - a. What you see, heard, or found.
 - b. Exact location of incident.
 - c. The phone number of the phone you are using.
 - d. Details of situation.

During the regular academic year, the office is staffed by a registered nurse. Public Safety is available to provide emergency care and transportation to an emergency room when the office is closed.

A wide variety of educational brochures and literature is available on health topics. The resources of the Health Center are free to students. The Health Center is located on the ground floor of the Howard Miller Student Center (HMSC).

Students are encouraged to call with any problems. All records and consultations are confidential. If the Center is unable to help you, they will try to assist you in locating available resources. Students who encounter an injury or serious health problem that needs immediate attention when the nurse is not available on campus are advised to contact a Residence Life Staff member or the Campus Police department for assistance.

EMERGENCY NOTIFICATION

Emergency notification is triggered by an event that is currently occurring on or imminently threatening the campus. Initiate emergency notification procedures for any significant emergency or dangerous situation occurring on the campus involving an immediate threat to the health or safety of students or employees.

TIMELY WARNINGS

Timely warnings are triggered by crimes that have already occurred but represent an ongoing threat. Issue a timely warning for a *Clery Act* crime committed on your *Clery Act* geography that is reported to your campus security authorities or a local law enforcement agency, and that is considered by the institution to represent a serious or continuing threat to students and employees.

AUTHORITY

The Emergency Management Plan is promulgated under the authority of the President of Thiel College and the President's Cabinet. The President's Cabinet is comprised of the President, VP of Academic Affairs and Dean of the College (VPAA), Senior VP for Finance and Management (SVPFM), VP for College Advancement (VPCA), VP for Student Life and Dean of Students (VPSL), VP for Enrollment Management (VPEM), Director of Athletics, Executive Director of Communications and Marketing, and the Executive Assistant to the President.

RESPONSIBILITY

The plan and the maintenance thereof are the responsibility of the Thiel College Director of Public Safety/Chief of Police. The plan is to be reviewed on an annual basis at minimum, revised as necessary and annual training programs will be coordinated and facilitated by the Director of Public Safety/Chief of Police.

The plan is distributed and available to all College faculty, staff and students through the official Thiel College web site (<https://www.thiel.edu>). Faculty, staff and students will also be reminded of the existence of the plan every August and/or September, via email and other orientation or training programs.

NOTIFICATION SYSTEM PROTOCOL

In a major emergency, notification should begin immediately and may use any or all of these components:

TEXT AND EMAIL MESSAGING

Cell phone users can receive emergency text messages in the event of an emergency by signing up for the Tomcat Alert (<https://regroup.com/signup>). Messages will be brief

and will be activated by Thiel College officials. All campus email users will also receive email messages regarding the emergency.

The College has determined that the following situations may require sending emergency alert messages:

- Imminent danger including a major fire or shooting
- Imminent disaster including an earthquake or flood
- Severe weather, including tornado and lightning warnings
- Major interruptions of services such as snow closings and water emergencies

DEFINITIONS OF EMERGENCIES

Level 1 – Minor Emergency: Any emergency, potential or actual, that does not seriously affect the overall functionality of the College, such as a minor power outage or plumbing problem. This type of event would involve the notification and alert of selected College officials, as dictated by the scope and type of incident.

Level 2 – Moderate Emergency: Any emergency situation, potential or actual, that affects an entire building; a piece of key equipment; or any other significant incident that has the potential to impact the operation or reputation of the College. Examples might include a building fire or chemical spill confined to one building; a serious injury or death on campus; a violent criminal act that has or is occurring on campus.

Level 3 – Major Emergency: Any emergency situation, potential or actual, that has or could seriously impair or halt the operation of the College. Examples might include a direct tornado hit, or a protracted loss of vital services (water, electricity, heat). In some cases personnel casualties and severe property damage may have been sustained. Outside emergency services will in all likelihood be involved in this type of event. A “major emergency” on the campus will require the coordinated effort of most or all campus-wide resources to effectively control and manage the situation.

SCOPE - College Activities

Level 1- Minimal and localized; most College activities not impacted.

Level 2 – Significant; College activities maybe be subject to localized shutdown.

Level 3 – Very significant; College activities shut down for a period of time.

SCOPE – Faculty, Staff, Students

Level 1 – Site-specific localized impact; injuries possible.

Level 2 – Site-specific or general impact with possible disruptions; injuries possible.

Level 3 – General impact with probable disruptions; injuries and possible fatalities a concern.

SCOPE – Media Coverage

Level 1 – None expected or possibly local coverage.

Level 2 – Local/regional coverage.

Level 3 – Local, regional, and possibly national coverage.

SCOPE – Public & Government Concern

Level 1 – Limited

Level 2 - Potential exists for an embarrassing situation; government agencies may investigate prevention/response/recovery efforts.

Level 3 – Potential exists for an embarrassing situation; government attention (investigations) likely.

SCOPE – EMT Involvement

Level – Little or none

Level 2 – Conditionally involved

Level 3 – Actively involved

DECLARATION OF EMERGENCIES

Based on information received from the Director of Public Safety, VP for Student Life or another officer of the College, the College President will determine whether an occurrence will be declared a “Level 2” or “Level 3” Emergency and whether the Cabinet and the Incident Command Team will need to be assembled. In the absence of the President, the Senior Vice President of Finance and Management will make that determination.

Levels 2 and 3 emergencies are ones that requires immediate action to ensure a safe environment, and/or to ensure the maintenance or restoration of College operations. Unless unusual circumstances are present, a Level 1 (“minor emergency”) will generally not result in the assembly of the Cabinet and/or Incident Command Team.

1. The declaration of a Level 2 or 3 Emergency will specify the locations of the Incident Command Team and Cabinet for that particular event. The physical

locations of either group can vary due to the unique circumstances of an incident, but in most cases the Cabinet will be located in the President's office and the Incident Command Center will be located in or around the Department of Public Safety Offices.

2. The Executive Assistant to the President will notify the President's Cabinet when Level 2 or 3 Emergencies have been declared.
3. The President's Cabinet will likely be asked to meet in order to take whatever actions are deemed appropriate.
4. The VPSL will serve as the liaison between the President/Cabinet and the Incident Command Team to help manage the response, and facilitate the formation of the Incident Command Center.
5. The Incident Command Team will be comprised of the VPSL, Director of Public Safety/Chief of Police, Director of Facilities, Director of Residence Life, Executive Director of Communications and Marketing, Director of Health Services, and others as appropriate (i.e. Director of Human Resources, Campus Pastor, Campus Counselor, Director of Food Services, etc.).
6. Declaration of a Level 2 or 3 Emergency will also prompt a notification to the entire campus community as soon as practical. The Executive Director of Communications and Marketing in collaboration with the VPEM will ensure that this notification is made by e-mail, Thiel College web site, and/or other appropriate methods. The College Dispatcher will manage the switchboard, phone lines, and the Tomcat Alert System (when necessary) while the Coordinator of Housing/Assistant to the VPSL will be there to assist.

INFORMATION FOR FACULTY/INSTRUCTORS

The instructor is an authority figure for students, whether consciously or subconsciously, and can influence how students respond in an emergency. Instructors who are prepared for emergencies will be able to help calm students by being in control and giving calm and clear directions.

Classrooms and Laboratory Emergency Guidelines for Faculty/Instructors Consistent with this guideline, instructors must:

- A. Provide their classes or audience with general information relating to emergency procedures. This information should be shared during the first week of class or at the start of a seminar.
- B. Know how to report an emergency from each classroom used.
- C. Assure that persons with disabilities have the information they need. The instructor should be familiar with disabled students' plans and also be able to direct visitors with disabilities.
- D. Take responsible charge of the classroom and follow emergency procedures for all building alarms and emergencies.

Evacuation Routes

The College is in the process of implementing new floor plans on building walls showing evacuation routes. Check your classroom(s) to see if the plans are posted. If they are not posted, please contact the Department of Public Safety for information on the evacuation route for a specific room.

Emergency Assembly Points

After a class leaves the alarmed building or area, it is important for them to go to a predetermined area where each person's presence can be documented. This "safe area" will be a designated Emergency Assembly Point where the class will not interfere with responding emergency services nor place themselves at risk of injury from the emergency. Evacuation routes in most College buildings lead the occupants out of the building.

- Look on the building evacuation route floor plans for the designated Emergency Assembly Points.

Accounting for all students can be very difficult, particularly with a large class. However, an attempt must be made. For example, it might be possible for the instructor to: wait until all the students have left the room/lab, use the class roster, use a head count, or have students see if the students seated next to them are at the assembly point. You must also account for persons with disabilities (see below).

Evacuation for persons with Disabilities

If there is a person with a disability in the class, the instructor must know the person's response plan and who may be assisting him/her. Four options are available to persons with disabilities (refer to additional procedures in the section on Evacuation Procedures):

- Horizontal Evacuation to outside or another building, if available
- Stairway Evacuation
- Stay in Place unless danger is imminent
- Area of Refuge if available
- Elevators cannot be used during an emergency evacuation!

Reporting to Campus Police

After exiting and accounting for students, Campus Police will notify emergency personnel of persons missing or trapped or persons with disabilities that are waiting assistance in areas of refuge.

MONITORING AND RECORDING THROUGH LOCAL LAW ENFORCEMENT OF CRIMINAL ACTIVITY BY STUDENTS AT NON-CAMPUS LOCATIONS OF STUDENT ORGANIZATIONS

If the Greenville Borough Police/Hempfield Township or another law enforcement agency with jurisdiction respond to a “non-campus” property in response to a citizen complaint or police officer concern, the police may notify Thiel Police Department to provide support assistance to one of those locations. However, the police do this out of a courtesy, and they are not “required” to notify or involve Thiel Police Department when they respond to a call involving private property. Thiel Police Department does provide oversight, patrol, and monitoring of recognized non-campus student facilities/residences, as these properties fall within the College’s Clery geography, as previously stipulated. Thiel Police Department does not patrol or provide oversight of privately-owned property/residences rented by students that fall outside of the College’s Clery geography. See campus map, page 102.

Fire Alarms

Fire alarms will be sound and may include strobe lights for people with hearing disabilities. When the alarm sounds, everyone must exit the alarmed area according to the evacuation plan.

- Everyone Must Evacuate Immediately!
- Procedures that may be hazardous if left unattended should be shut down.

- Verify that everyone leaves and that all the doors are closed. Closed doors significantly reduce fire and smoke damage.

Shelter in Place

During certain emergency situations—such as armed intruder, chemical releases, and some weather emergencies—you may be advised to "shelter in place" rather than evacuate the building.

- Go inside or stay inside the building.
- Do not use elevators.
- Shut and lock all windows and doors.
- Turn off the heat, air conditioning, or ventilation system, if you have local controls for these systems.
- Close fireplace dampers.
- Quickly locate supplies you may need, e.g., food, water, radio, etc.
- If possible, go to a room or corridor where there are no windows. In the event of a chemical release, go to an above-ground level of the building, since some chemicals are heavier than air and may seep into basements even if the windows are closed.
- If possible, monitor main College web page (www.thiel.edu), radio, or television for further information and instructions.
- Do not call Campus Police unless you are reporting a life-threatening situation.
- When the "all clear" is announced: Open windows and doors, turn on heating, air conditioning, or ventilation systems. Go outside and wait until the building has been vented.

SAFETY OF AND ACCESS TO FACILITIES

The Facility Management staff works in cooperation with the Chief of Police to maintain a safe environment. The Chief of Police makes recommendations for the maintenance of grounds to remove potential danger areas. Locks are changed when room keys are lost. Public Safety is responsible for locking and unlocking campus buildings according to scheduled usage.

Public Safety and Facility Management staff members report any needed repairs to the Facility Management Office. This includes burned out lights, broken locks, inoperable doors and other safety problems.

STUDENT HOUSING

STAFF

There is a Resident Leader (RL) on each floor of the residence halls, in strategic locations in Theme Housing, and in the apartments. These upper-class students are trained to assist in developing a community conducive to student growth. If you have any problems, your RL may be able to help. In addition, each campus residence space has a Resident Director or House Manager who oversees the well-being of the whole building and is also available to assist the residents. The staff members are here to work with the residents in ensuring that the environment of your hall is comfortable and conducive to learning.

HOUSING

Thiel College **REQUIRES** that **ALL** students live in college housing and participate in a meal plan throughout their enrollment at the College, excluding summer sessions.

Exemptions to this requirement must be requested **in writing** and **submitted** to the Student Life Office at least two (2) weeks prior to the semester for which the request is made. Exemptions may be granted on a yearly basis to students who:

1. Commute to class from the home of their parent(s) or legal guardian(s) which, determined by zip code, are within a radius of approximately 35 miles from Thiel campus;
2. Are veterans with one or more years of active service;
3. Are twenty-three (23) years of age or older;

No family housing is available; therefore, children are not permitted to live in the residence halls.

Student housing is available through application and an online room selection process. Three traditional-style residence halls (Florence West, Hodge, and Sawhill) are co-ed

halls that typically house first year students. Bane and Stewart are traditional-style residence halls, co-ed by floor, and are available to upper-class students through the general room draw process. The Theme Houses are small, house-style residences that are available to upper-class students through the theme housing application process. The Davis Square, College Avenue, and Townhouse apartments are one-to-five person apartments that house upper-class students and include living room, kitchen, bathroom, and one to four bedrooms in each apartment. All residences are appropriately furnished.

All students have identification cards to control restricted usage of the dining hall, library, and residence halls. ID's or ID replacements can be secured at the Campus Police dispatch office. A lost or stolen ID can be re-issued at a charge of \$25.00 and your old ID will be deactivated.

VISITATION

All College residences have established visitation hours for members of the opposite sex. These hours are:

Sunday – Thursday 9:00 am to 12:00 am

Friday & Saturday 9:00 am to 2:00 am

During these times, members of the opposite sex may visit student rooms. When visitation is over, no members of the opposite sex are permitted in students' rooms or apartments or on the floors of the residence halls.

All students who do not live in the building they are visiting, and visitors to the College, must sign in when they enter College residences starting at 8:30 p.m.

Overnight Guests:

Co-habitation is prohibited and represents a serious breach of conduct. Thiel College is opposed to the exploitation of any individual and concerned with the moral development of students. In addition, children are not permitted to live in the College residences. If guests are 17 years of age or older and of the same sex, they may stay overnight providing they follow the guidelines for overnight guests. If guests are 16 years of age or younger and of the same sex, they may stay overnight providing they gain prior approval from Campus Police and the Resident Director of that building.

Overnight guests of the same sex are allowed, provided that the hosting resident:

1. Receives permission for the guest to stay from his/her roommate;
2. Takes the guest to the designated location and registers the guest there
(see postings in your College Residence as to where your designated location

is). Identification will be required of both the resident and the guest. A visitor pass will be issued, which the guest must have in his/her possession at all times while on campus. When checking into a College residence, the host must show his/her Thiel ID, and the guest must leave the visitor pass at the desk, to be picked up when leaving the residence;

3. Accompanies his/her guest at all times. All students are responsible for their guests, and as such must be with them at all times while on campus, and;
4. Does not have guests staying overnight more than three nights per month.

POLICY ON ALCOHOL & OTHER DRUGS

Student Alcohol Policy

The Thiel College Alcohol Policy and related educational programs are, as far as possible, educational in nature and designed to promote responsible decision-making concerning the use of alcohol in this community. The goals of this policy are: to create an environment dedicated to student success, to help educate our students about the effects of alcohol and laws associated with alcohol, to ensure compliance with the law, and to maintain an informed community where the effects of alcohol abuse and the behavioral problems associated are minimized. The College expects all members of the community to be respectful of the right of others in order to contribute to an environment conducive to educational and personal development.

This policy reflects local and state laws governing the use and distribution of alcohol and recognizes the rights of individuals who are 21 years of age or older to consume alcohol in a legal and responsible manner. The College expects community members to abide by the laws of the State of Pennsylvania and the policies of the College. Any member of the community, including Residence Life and Campus Police personnel,

may confront and report individuals whose behavior is in violation of these policies. Sanctions will be imposed upon students who violate this policy or other policies of the College. Intoxication is not justification for violating any College policy.

All students and students' guests within the Thiel community are expected to observe the College Alcohol Policy, which includes the following rules and regulations:

1. Persons 21 years of age and older may possess and consume alcohol in west campus residence hall rooms, suites and apartments upon applying for and receiving Over-21 Status from the Department of Residence Life (see Over-21 Status Policy).
2. Since our first-year residence halls are all located on east campus, it is fair to assume that the majority of first year students living in those halls are under the legal age to consume alcohol. No alcohol is permitted in east campus housing unless authorized by the Dean of Students and/or President's Office.
3. Possession of alcohol paraphernalia by individuals under 21, including, but not limited to, cans, bottles, "beer bongos", drinking game materials, cups containing alcohol, etc. are prohibited.
4. Open containers of alcohol are not permitted in common areas unless given prior approval by the Dean of Students or his/her designee. Common areas include, but are not limited to, academic and office buildings, residence hall lounges, bathrooms and hallways, athletic facilities, and outdoors. For the purpose of this policy, individual apartment and/or townhouse common spaces are not included unless the apartment/townhouse is occupied by individuals under 21 or has not received Over-21 Status.
5. Gatherings with bulk alcohol (defined as any quantity of beer in excess of two cases (48 twelve oz. cans) or the alcohol equivalent of wine) are not permitted in the residential facilities (except where noted in the Thiel College Student Sponsored Social Events with Alcohol Policy found below). Kegs (with or without alcohol), beer balls and/or taps are not permitted in residential facilities (except where noted in the Student-Sponsored Social Events with Alcohol Policy).
6. Gatherings with bulk alcohol may be permitted in College-designated social spaces. Social hosts are required to comply with the Student-Sponsored Social Events with Alcohol Policy, published here and in a Guide to Social Programming with Alcohol available in the Office of Student Activities.
7. Spirits (i.e. hard liquor or drinks with more than 14% alcohol content) are not permitted anywhere on campus unless authorized by the President.
8. The College reserves the right to notify the parents or guardian of a student who is transported to the hospital for an alcohol overdose or cited by Campus Police for alcohol related behavior, and to require that the student participate in an educational program on alcohol and/or other drugs at his/her own expense. The

College may also choose to notify parents or guardian of any alcohol or drug related violation.

9. No drinking games or contests of any kind are permitted on campus (i.e., beer pong, flip-cup, waterfall, etc.).
10. Students and College officials may request the use of breathalyzers in determining if a student has consumed alcohol.
11. Any over 21 year old found present in an under 21 year old room when alcohol is being consumed may be found guilty of furnishing alcohol to the underage student and may face disciplinary action.

Over 21-Status

Students of legal drinking age who live on campus and meet the prerequisites established by the College may be accorded Over-21 Status for their individual apartments and/or room by the Department of Residence Life. Over-21 Status is a privilege granted to students and can be rescinded should students fail to use alcohol responsibly and in accordance with College policy. Students living in spaces that have been designated and approved as Over-21 Status must comply with the following rules:

1. The Over-21 Status Card must be placed on the inside of the entrance door to the room, apartment, and/or townhouse. This status will only be given to rooms and/or apartments where all residents are over 21 years of age.
2. No residence hall, theme house, apartment, or townhouse room may have more than one case of beer, wine coolers, or similar drink (24 twelve ounce cans) or 4 (750ml) bottles of wine, unless given approval by the Dean of Students or his/her designee.
3. No open containers of alcoholic beverages are permitted if minors (individuals under the legal age to consume alcohol) are in the room and/or apartment.
4. Occupancy rates must be upheld in each residential facility (see Maximum Number of People in a Room/Apartment Policy).
5. Residents may not consume or possess open containers of alcohol in common areas, as defined previously in the College Alcohol Policy.
6. The door to the apartment, residence hall, or theme house room must be closed when alcohol is being consumed.
7. All empty containers will be treated as "in use" by students of any age. Empty containers in a room of a Student with Over 21 Status will be counted towards the permitted amount of alcohol.
8. It is unlawful for a person to sell or furnish any alcoholic beverage to a person who is less than 21 years of age. Anyone who does furnish may face disciplinary action.

Thiel College Good Samaritan & Medical Amnesty Policy

The health and safety of our students is of principal concern to Thiel College. In cases of extreme intoxication or other medical emergency due to the use of alcohol or drugs, the College encourages individuals to seek medical assistance for themselves or others. If an individual seeks such medical attention, the Student Life Office will not pursue disciplinary sanctions against the student for violations of the Alcohol and/or Drug Policy found in the Thiel College Student Code of Conduct.

Further, those students who assist in obtaining medical attention for others will not receive disciplinary sanctions from the College for violations of the Alcohol and/or Drug Policy. However this policy does not grant amnesty for all actions, including, but not limited to, possession with the intent to sell.

In lieu of sanctions under the Student Code of Conduct, the student receiving medical attention, as well as the referring student(s), will be required to meet with a member of the Student Life Staff and may be issued educational requirements that could include, but are not limited to, alcohol and/or drug education, counseling, and/or a substance abuse assessment. Serious or repeated incidents will prompt a higher degree of concern/response. Failure to complete educational assignments or treatment recommendations issued under this policy normally will result in disciplinary action. Also the student will be responsible for any costs associated with drug or alcohol education interventions.

The Medical Amnesty Policy does not preclude sanctions due to any other violations of the Code of Conduct. Also this policy does not prevent action by police or other law enforcement personnel and does not excuse or protect students who repeatedly violate the College's Alcohol and/or Drug Policies. In cases where repetitive violations occur, appropriate disciplinary action will be taken.

Application to Student Organizations

In circumstances where an organization is found to be hosting an event where medical assistance is sought for a member or guest, the organization (depending upon the circumstances) may be held responsible for violations of the Alcohol or Drug Policy. However, the organization's willingness to seek medical assistance for a member or guest will be considered in determining sanction(s) for violations of the Thiel College Code of Conduct.

Culpability and the Alcohol Policy

Each student present in a room or area at the time of a violation may be held responsible for any rule violation that occurs when they are present. Students are advised in advance to avoid such situations that may put them at risk for disciplinary action.

DRUG POLICY

Thiel College has a prime concern for the psychological and medical well-being of its students and employees, and recognizes the problems created by the misuse of controlled substances. The College prohibits the possession, distribution, sale, or use of controlled substances, and all other drugs prohibited by state and federal law (i.e., marijuana, narcotics, barbiturates, hallucinogens or amphetamines). The College also prohibits the possession of drug paraphernalia (i.e., hookah's/bongs, one hitters, pipes, clips, rolling papers, scales, etc.). Any drug paraphernalia found will be confiscated and disposed of.

Medical marijuana is also prohibited on campus property because it remains a drug prohibited by federal law. Permission for off-campus housing regarding medical marijuana use may be considered on a case-by-case basis. Any student who violates this policy may be subject to disciplinary action within the school or may face federal prosecution.

Students who violate this policy are subject to disciplinary action by the College and/or criminal prosecution under State and Federal law.

Sale: When, in the opinion of the Student Life representative, there is sufficient and credible information that a student is or has been trafficking in controlled substances, the student may be "Summarily Suspended" by the Office of Student Life pending further action as described in the Student Handbook. Authorities outside the College may also be notified.

Use: Students are urged to seek help for themselves or on the behalf of others in any matter of drug use.

Sanctioning:

- A. A drug offense under Pennsylvania or Federal Law can be a misdemeanor or a felony depending on the charge and the amount of drugs involved. In either case, a criminal record will very likely hamper a person's chances of gaining admission to another school or securing future employment.

- B. Court-imposed penalties for a first offense for possession, distribution, or use of drugs depends upon the circumstances of the case. They can include: (1) Fines of \$500 to \$250,000; (2) Jail terms of 30 days to 15 years; (3) Community Service hours; (4) Driver's License suspension for up to two years. Such penalties can be combined in a single sentence.
- C. Student Life will issue Thiel College sanctions. Possible sanctions may include, but are not limited to, those found under the Disciplinary Sanctions section, and may be given in combination.
- D. If found responsible for violation of College Drug Policy, students may be required to undergo drug testing, paid for by the individual, as a condition of their admittance to campus housing.
- E. Federal Government guidelines state that anyone receiving Federal Financial Aid (Pell Grants) who is convicted of violating established Federal or State controlled substance laws may lose financial aid.
- F. College sanctions may be imposed for violation of the College Drug Policy independent of or in addition to any sanction imposed by civil or criminal authorities.

If students of Thiel College feel that they may be experiencing an alcohol or drug problem, they are encouraged to contact the Student Health Center, the Student Life Office or the College Counselor. Counseling is available for confidential consultation on a voluntary walk-in basis or by appointment. A student will not be disciplined for coming in on a voluntary basis. These offices will be able to provide information or assist in making a referral to a local agency or treatment facility.

Please read this section thoroughly.

Thiel College has a zero-tolerance policy toward hazing and follows the state laws that govern this issue. All new members of fraternities and sororities are required to read the Pennsylvania Hazing Law, the Thiel College Student Code of Conduct anti-hazing policy, and then sign his or her name to certify that he or she understands and accepts these laws and policies, as well as the repercussions of violating them.

(B) ENFORCEMENT AND PENALTIES.

(1) Each institution shall provide a program for the enforcement of such rules and shall adopt appropriate penalties for violations of such rules to be administered by the person or agency at the institution responsible for the sanctioning or recognition of such organizations.

(2) Such penalties may include the imposition of fines, the withholding of diplomas or transcripts pending compliance with the rules or pending payment of fines and the imposition of probation, suspension or dismissal.

(4) All penalties imposed under the authority of this section shall be in addition to any penalty imposed for violation of section 3 or any of the criminal laws of this State or for violation of any other institutional rule to which the violator may be subject.

Thiel College Anti-Hazing Policy

Hazing is prohibited at Thiel College per the Student Code of Conduct:

Engaging in Hazing Students and student organizations are prohibited from engaging in any activity that can be described as hazing. Hazing can be defined as any act which endangers the mental or physical health or safety of a student, or which destroys or removes public or private property for the purpose of admission into, initiation, affiliation with, or as a condition for, continued membership in a group or organization.

Hazing Report

On Oct. 19, 2018, Pennsylvania Gov. Tom Wolf signed the “Timothy J. Piazza Anti-Hazing Law,” which defines hazing, sets forth different grades of the offense and related penalties, describes institutional enforcement and report requirements and provides a safe harbor provision.

The [Student Handbook \(2022-23\)](#) bans hazing and other offensive, intimidating or dangerous behaviors, and Thiel College takes seriously any allegations and investigates and addresses reports of hazing.

Thiel College has no reported incidents classified as hazing for the reporting period from January 2014 through December 2022.

If you or anyone you know has or is experiencing any form of hazing, please contact Thiel College Public Safety at 724-589-2222 or the anonymous Campus Conduct Hotline at 866-943-5787. The Campus Conduct Hotline is anonymous and handled by an off-campus third party.

College Counseling Center

The Thiel College Counseling Center is a free and confidential service available to enrolled students during the fall and spring semesters. The Counseling Center provides support in managing emotional and psychological needs. The primary objective of the Counseling Center is to help students identify problems they are facing and explore skills to effectively manage or cope with their individual situation. The counselor conducts individual sessions with students to foster positive change to meet identified treatment goals. Group sessions are conducted based upon identified needs of students. If a student has a need that cannot be met within the Counseling Center, a referral will be made to a community provider. The counselor also provides consultation to staff and faculty members as requested.

There are many reasons students present to the Counseling Center. These reasons include but are not limited to homesickness, changes in mood state such as feelings of depression or anxiety, relationship or family stressors, drug or alcohol issues, grief/loss, difficulty adapting to college life or expectations, and personal or academic stressors. The Counseling Center is staffed by a full-time Licensed Professional Counselor. It is located on the ground floor of the Howard Miller Student Center. Hours of operation are Monday through Friday from 8:00 a.m.–5:00 p.m. Appointments can be scheduled by contacting the counselor at 724-589-2754.

Student Health Services

The Student Wellness Center at Thiel College is located on the ground level of the Howard Miller Student Center. The Wellness Center provides a variety of services for students within the campus community such as treatment of minor illness and injuries, distribution of non-prescription cold medicine, sinus and flu medicines; basic first aid supplies, blood pressure screenings, and referrals to local health care providers and health agencies. Educational health brochures and literature is available to all students as well. These resources at the Wellness Center are complimentary for all students and

they are encouraged to utilize these services. All consultations to the wellness center are free of charge and confidential.

Illness and Injury

Students experiencing an illness or injury and who need to schedule a doctor's appointment, but do not have an emergency, are encouraged to report to the Wellness Center as early as possible in the day to set up the appointment and arrange for transportation

Students who have a serious injury or serious health problem that need immediate attention are advised to contact a Residence Life Staff member, Campus Police or call 911 for emergency assistance. Campus Police can be reached at all times at ext. 2222 from any campus phone or 724-589-2222 from a cell phone or private phone. Campus Police will notify health services if it is during office hours.

FIREARMS

POSSESSION OF FIREARMS, DANGEROUS WEAPONS, EXPLOSIVES OR FIREWORKS

Students are not to possess any unauthorized firearm, ammunition, explosive device, or other weapon on College-owned or controlled property. This includes, but is not limited to, guns, knives, toy or low-powered guns (i.e. airsoft guns), and fire crackers. Possession of such items may result in suspension or expulsion from the College.

SMOKING & TOBACCO

Smoking is prohibited in all College buildings and indoor facilities, at any indoor and outdoor athletic events, areas identified as non-smoking space, and all areas where non-smokers cannot avoid environmental smoke. Tobacco products (smoking and smokeless) are not allowed in any College vehicle. In addition, smokeless tobacco is prohibited in all College buildings, with the exception of individual rooms within our residential facilities. The student(s) renting the room and/or apartment can choose to allow or prohibit smokeless tobacco in that space. In shared residential space, all residents must agree to allow the use of smokeless tobacco in order for it to be permitted.

SEX OFFENSES

SEXUAL HARASSMENT POLICY

Sexual harassment is a form of discrimination that violates College rules as well as various laws, such as Title VII of the Federal Civil Rights Act of 1964. Such behavior has the potential of threatening an individual's academic performance, economic

livelihood, career advancement, psychological and spiritual well-being, and our Thiel College community life.

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic advancement.
- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions or academic decisions affecting such individual.
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive working or learning environment.

Sexual harassment most often occurs in situations where one person abuses the power he or she has over another person, thereby violating the boundaries and trust implicit in that relationship. However, harassment can also occur between equals (i.e., student to student). Any member of the Thiel community may be a victim of sexual harassment, although historically women are most often victimized.

Sexual Harassment Can Take Many Forms

- Verbal/written harassment may include innuendo, humor and jokes about sex or gender-specific traits, implied or blatant threats.
- Physical harassment may include offensive contact (patting, pinching, brushing against the body, etc.), blocking movement, attempted or actual fondling or kissing, or any other form of coerced physical contact. (A separate section on sexual assault follows the harassment information.)
- Non-verbal harassment may include insulting whistling, gestures, or leering.

Sexual Harassment Can Have a Wide Range of Effects

- Denial of a promotion.
- Termination, forced resignation, quitting.
- Failing an exam, receiving poor grades or performance reviews.
- Dropping a class, changing a major, dropping out of school.
- Low morale or a tense, unproductive working or learning environment.
- Confusion, self-doubt, anxiety, embarrassment, guilt, insomnia, stress.

How to Deal With a Sexual Harassment Situation

Thiel College takes sexual harassment complaints very seriously. Sexual harassment hurts our whole community when it occurs. In addition to violating the law as well as College policy, it violates our goal of developing a community where relationships are built on trust and mutual respect.

Any student believing he/she is being harassed, or otherwise feeling in need of advice or support, is encouraged to immediately see one of the following people:

- Dean of Students
- Associate Dean of Students
- Director of Residence Life
- Campus Minister
- College Counselor
- Coordinator of Student Wellness Center/College Nurse
- Residence Life Staff
- Public Safety Staff

Students are encouraged to seek assistance even if they are unsure that what they are experiencing is sexual harassment. Do not allow sexual harassment to jeopardize your rights and opportunities as a student here at Thiel College for work or education. The College wants to work with students to attempt to resolve sexual harassment issues but cannot do so unless the appropriate personnel listed above receive reports.

Thiel College's Response to Sexual Harassment

The Dean of Students, Student Life Staff, or Student Conduct Board will issue Thiel College sanctions. Possible sanctions include, but are not limited to, those listed in the Disciplinary Sanctions section of the handbook

SEXUAL ASSAULT POLICY

Thiel College is committed to providing a safe learning and working environment. In compliance with federal law, specifically the Jeanne Clery Act (Clery Act). Thiel College has adopted policies and procedures to prevent and respond to incidents of sexual assault, domestic violence, dating violence, and stalking. These guidelines apply to all members of the Thiel College community (students, faculty, and staff) as well as contractors and visitors.

The Thiel College community strictly prohibits acts of domestic violence, dating violence, sexual assault, and stalking. We take violations of these acts very seriously and anyone found in violation of them will be dealt with by the appropriate authorities. Disciplinary sanctions for these acts can vary from internal penalties (fines, community service, mandated counseling, suspension, and/or expulsion) to external penalties like prosecution. These will be looked at strictly on a case to case basis.

Thiel College is continually offering educational programs to our faculty, staff and students about sexual violent acts on campus. Through the AWARE and RAD programs, the Thiel College community is up to date on current trends and policies, and members are trained on how to deal with and report sexual crimes on campus. For more information about our policies and procedures for handling situations of sexual violence, dating violence, domestic violence, and stalking, please visit the Thiel College website.

The policy also provides for pro-active measures and a structure that will deal with the prevention of sexual assault through educational programming as well as a continuing institutional dialogue to assess services for victims.

DEFINITION OF TERMS

In dealing with these issues, it is often helpful to define terms. The formal definition of rape is adapted from the **Textbook of Emergency Physicians**:

Rape is the carnal knowledge, to a lesser or greater degree, of a victim without consent and by compulsion, through fear, force or fraud, singly or in combination. Thus, there are three elements of rape: (1) carnal knowledge, (2) non-consensual coitus, and (3) compulsion. Carnal knowledge can consist of anything from complete coitus to slight penile penetration of female genitalia irrespective of seminal emission. Non-consent must be an integral part of coitus unless the victim is a minor (under statutory age of consent), intoxicated, drugged, asleep, or mentally incompetent. Finally, there should be compulsion or fear of great harm, threats with real or alleged weapon, or use of threat of brute force. Any use of intimidation invalidates any consent on the victim's part.

In addition to rape, the spectrum of sexual assault for both men and women shall include but not be limited to the following unwanted acts: inappropriate disrobing and nudity; genital exposure; fondling of breasts or genitals; single or mutual masturbation; fellatio, cunnilingus and/or sodomy; and digital or object penetration of the anus and/or vagina.

Sexual Assault refers to any sexual act directed against another person, forcibly and/or against the person's will; or not forcibly or against the person's will where the survivor is incapable of giving consent, as well as incest or statutory rape.

Domestic Violence includes felony or misdemeanor crimes of violence committed by:

- A current or former spouse or intimate partner of the survivor;
- A person with whom the survivor shares a child in common;
- A person who is or was residing in the same household as the survivor; or
- Any person against someone who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Dating Violence refers to violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the survivor.

Stalking occurs when an individual engages in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or suffer substantial emotional distress.

REPORTING AN INCIDENT:

Thiel College encourages any member of the Thiel community who has experienced sexual assault, domestic violence, dating violence, or stalking, or knows of another member of the community who has experienced sexual assault, domestic violence, dating violence, or stalking to report the incident to the College.

If a Thiel College student, faculty or staff member, visitor, or contractor has experienced a sexual assault, domestic violence, dating violence, or stalking, they should immediately report the incident to the Thiel College Police Department at ext. 2222 from an on-campus telephone, or 724-589-2222 from an off-campus telephone.

Individuals who are on campus can also make an in-person report with Thiel College Police. Thiel College Police will assist all members of the Thiel community by assessing the incident, advising the survivor on how he or she can seek legal protection, and making the survivor aware of medical, counseling, and other support services. If a reported incident did not occur on campus, Thiel College Police can assist the survivor in notifying the local police department with jurisdiction over the crime. **In case of an emergency or ongoing threat, a survivor should get to a safe location and call 911.** Calling 911 will put you in touch with local police.

Students who have experienced a sexual assault, domestic violence, dating violence, or stalking may also report an incident to the Associate Dean of Students/Director of Residence Life at 724-589-2011, or to the College's Title IX Coordinator, Jennifer Clark (724-589-2858 – office located on the 1st floor Roth Hall) or the Deputy Title IX Coordinator, Makaela Rust (724-589-2353 – office located in the Student Life suite, 1st floor Howard Miller Student Center).

Employees who have experienced a sexual assault, domestic violence, dating violence, or stalking may also report an incident to Jennifer Clark, Director of Human Resources, at 724-589-2858 (office located on the 1st floor of Roth Hall).

These offices will provide survivors of sexual assault, domestic violence, dating violence, and stalking with information about available support services and resources, and also assist any survivor in notifying law enforcement, including the local police, if the survivor elects to do so.

Survivors are not required to report to area law enforcement in order to receive assistance from or pursue any options within Thiel College. For more information, please visit the Thiel College website.

Reporting sexual assault, domestic violence, dating violence, and stalking to the police (including the Thiel College Police Department) does not commit the survivor to further legal action. However, the earlier an incident is reported, the easier it will be for the police to investigate, if the survivor decides to proceed with criminal charges.

PROCEDURES SURVIVORS SHOULD FOLLOW

If an incident of sexual assault, domestic assault, dating violence, or stalking occurs, it is important to preserve evidence so that successful criminal prosecution remains an option.

The survivor of a sexual assault should not wash, shower or bathe, douche, brush teeth, comb hair, or change clothes prior to a medical exam or treatment. If a survivor has removed the clothing he or she was wearing during the assault prior to seeking medical treatment, that clothing should be placed in a brown paper, not plastic, bag and brought to the hospital when treatment is sought. If the survivor is still wearing the clothes that he or she was wearing during an assault, he or she should bring a change of clothes with him or her to the hospital so that the clothes containing possible evidence can be preserved and examined for evidence of the crime.

Evidence of violence, such as bruising or other visible injuries, following an incident of sexual assault, or domestic or dating violence, should be documented by taking a photograph. Evidence of stalking, including any communications such as written notes, email, voice mail, or other electronic communications sent by the stalker, should be saved and not altered in any way.

WRITTEN NOTIFICATION OF RIGHT AND OPTIONS

Any student or employee, who reports an incident of sexual assault, domestic violence, dating violence, or stalking, whether the incident occurred on or off campus, shall receive a written explanation of their rights and options as provided for under this policy.

These rights and options include the right(s) of a survivor to:

- A. Go to court, and to file a domestic abuse complaint requesting an order restraining your attacker from abusing you, and/or an order directing your attacker to leave your household, building, school, college, or workplace;
- B. Seek a criminal complaint for threats, assault and battery, or other related offenses;
- C. Seek medical treatment (the police will arrange transportation for you to the nearest hospital or otherwise assist you in obtaining medical treatment if you wish);
- D. Request the police remain at the scene until your safety is otherwise ensured;
- E. Request that a police officer assist you by arranging transportation or by taking you to a safe place, such as a shelter or a family or friend's residence; and
- F. Obtain a copy of the police incident report at no cost from the police department.

WARNING SIGNS OF RELATIONSHIP/DATING VIOLENCE OR ABUSE:

- Having angry outbursts
- Blames others for their problems
- Threatens to hurt you during arguments
- Gets extremely jealous for no reason
- Acting cruel towards animals or children
- Trying to control you by belittling you or your ideas

WHAT CAN YOU DO TO HELP PREVENT BEING A VICTIM TO A SEXUAL CRIME:

- Date people you know and trust
- Be extra careful about meeting people On-line
- Tell your parents or a friend when you are going out on a date, where and when
- Know your limits and express them
- Avoid drugs and alcohol
- Go out, don't hang out

IMMEDIATE MEDICAL ATTENTION:

Victims will be encouraged to seek immediate medical attention at UPMC Health System-Greenville or Sharon Regional Health System. Because of the extent of physical specimens required legally in cases of sexual assault, a complete and timely examination is necessary. If desired, Public Safety will provide transportation to UPMC Health System-Greenville.

If the victim requests immediate attention he/she will be referred to AWARE Rape Crisis Center hotline at 888-981-1457 or UPMC Health System-Greenville 724-588-2100, or Sharon Regional Health System 724-983-3911. Individual counseling most likely will be offered for the victim and/or alleged perpetrator.

ASSESSMENT/PREVENTION:

As needed, the Director of Residence Life will convene a meeting of appropriate personnel to discuss sexual assaults and related campus violence incidents. The group, chaired by the Director of Residence Life, should consist of the College Counselors, the Campus Minister, the Director of Public Safety, the Director of Residence Life, and the Director of the Wellness Center. The goals of this group are:

- To evaluate procedures regarding cases of sexual assault and to ensure that a victim's needs are being met through proper institutional responses and delivery of services. This evaluation may result in developing additional policies, services, and/or strategies related to sexual assault and other incidents of campus violence.
- To gather information on the frequency and nature of sexual assault cases/incidents on campus. The goal of gathering this information is to accurately assess the campus environment and to aid in the development of prevention efforts. Examples of specific information include date, time and location of assault, involvement of alcohol/drugs, whether the victim/alleged perpetrator are students, whether other forms of physical abuse were used,

whether the victim's safety was in jeopardy, and whether the victim received prompt medical attention. It should be noted that information generated in this fashion would be for internal committee use only.

- To develop and coordinate campus-wide educational programs aimed at the prevention of sexual assaults. Part of this plan may involve a session in the New Student Orientation Program and first year experience. Ongoing programs are encouraged and available to students throughout the year by the Public Safety Office, Health Services Office, Student Activities Office, Residence Life Office and Dean of Students Office.

The Office of Student Life will always be notified in alleged cases of Sexual Assault. Further, the Office of Student Life will assist with arrangements for alternate housing if the victim feels his/her safety is in jeopardy. The Dean or his/her designee will be the College representative in discussions with parents and/or significant others when the victim so requests, and in all cases in which a minor (person under 18 years of age) is involved.

The victim will be made aware of the counseling options at Thiel and encouraged to seek counseling, if necessary.

Statement of Mission

Thiel College empowers individuals to reach their full potential by creating a diverse and inclusive learning environment that ensures educational excellence, stimulates global awareness, and promotes ethical leadership. In doing so, Thiel prepares students for careers and lives of meaning and purpose.

Hate Crimes

Hate crimes are reported in narrative form and are separated by category of prejudice. A hate crime is not a separate, distinct crime, but is the commission of a criminal offense that was motivated by the offender’s bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of their bias against the victim’s race, sexual orientation, gender, religion, ethnicity, national origin, gender identity, or disability, the assault is then also classified as a hate crime. For Clery Act Purposes, Hate Crimes include any of the following offenses that are motivated by the offender’s bias: Murder and Non-negligent Manslaughter, Sexual Offenses (rape, fondling, incest and statutory rape), Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage/Vandalism of Property.

Violence Against Women Act (VAWA)

Thiel College does not discriminate on the basis of race, color, gender (including gender expression and gender identity), sexual orientation, religious belief, national origin, ethnicity, veteran status, age or disability as those terms are defined under applicable law. This policy of nondiscrimination applies in connection with admission to and participation in all programs and activities sponsored by Thiel College and to all employment practices of Thiel College. Inquiries concerning compliance with this policy should be addressed to: ATTN: Jennifer Clark, Human Resources, 75 College Avenue, Greenville, PA 16125; or by calling **724-589-2858**.

Sexual Misconduct Policy for Thiel College (“College”)

1. Introduction

The College prohibits the exclusion of any person, on the basis of sex, from participation in, to be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by the College. If not addressed by the College, sexual harassment and other

forms of sexual misconduct as defined below constitute a form of discrimination on the basis of sex. The purpose of this policy is to set forth the prompt and effective steps which the College will take to end sexual misconduct, prevent its recurrence, and, as appropriate, remedy its effects. This policy applies to sexual misconduct involving the College's students, faculty, staff, and visitors and which occur against a person in the United States. Any provision of any College policy or handbook which deals with sexual discrimination in any fashion is hereby superseded as of the Effective Date by this Sexual Misconduct Policy so that all forms of sexual misconduct involving the education programs of the College will be subjected to the remedial steps set forth in this policy.

Appendix "A" contains a list of names, physical addresses, email addresses, telephone numbers, and certain other information which may change from time to time. Appendix "A" may be updated from time to time by the Title IX Coordinators without College approval so as to maintain current information for use by the campus community.

Nothing contained in this Sexual Misconduct Policy shall be deemed to have created a contract between the College and any student, faculty member, or staff member. The College reserves the right to unilaterally change any provision of this policy without the consent of any other party.

2. Notification Requirements

The College hereby notifies applicants for admission and employment, students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the College that the names of the employees designated as the Title IX Coordinators are set forth in Appendix "A."

The College hereby notifies such persons that (a) the College does not discriminate on the basis of sex in the education programs or activities that the College operates, (b) the College is required by Title IX not to discriminate in such a manner, and (c) the requirement of the College not to discriminate in the education programs or activities extends to employment and admission.

Inquiries about the application of Title IX to the College may be referred to the employee(s) designated by the College as its Title IX Coordinator(s) or to the Assistant Secretary of the Office of Civil Rights at the United States Department of Education, or both.

A notice of the College's policy of nondiscrimination shall be widely disseminated on the College's campus and the College will prominently display a statement of this policy on its website and in each handbook or catalog that it makes available to applicants for admission and employment, students, employees, and all unions or professional

organizations holding collective bargaining or professional agreements with the College. The notice of nondiscrimination shall also state the contact information for the Title IX Coordinator(s). The College shall use or distribute a publication stating that the College does not treat applicants, students, or employees differently on the basis of sex.

The College has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX. Additionally, the College's grievance process complies with Title IX §106.45 for formal complaints. The College hereby provides notice of the College's grievance procedures and processes to applicants for admission and employment, students and employees, and all unions of professional organizations holding collective bargaining or professional agreements, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how the College will respond in such cases, all of which is set forth in Sections 5 through 9 below.

3. Definitions

As used in this policy, the phrases and words listed shall have the meanings set forth below:

Actual knowledge - Notice of sexual harassment or allegations of sexual harassment to the College's Title IX Coordinator(s) or any official of the College who has authority to institute corrective measures on behalf of the College. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the College with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the College. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator(s) as described in the Notification section of this policy.

Campus - Any building or property owned or controlled by the College within the same reasonably contiguous geographic area and used by the College in direct support of, or in a manner related to, the College's educational purposes, including residence halls. Any building or property that is within or reasonably contiguous to any building or property owned or controlled by the College within the same reasonably contiguous geographic area and used by the College in direct support of, or in a manner related to, College's educational purposes, that is owned by the College but controlled by another person, is frequently used by students, and supports College purposes such as a food or other retail vendor.

Campus security authority - A campus police department or a campus security department of the College. Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department, such as an individual who is responsible for monitoring entrance into College property. Any individual or organization specified in the College's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses. An official of the College who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.

Complainant - An individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Consent - Positive, unambiguous, and voluntary agreement to engage in specific sexual activity throughout a sexual encounter. Consent cannot be inferred from the absence of "no," a clear "yes," verbal or otherwise, is necessary. Consent to some sexual acts does not constitute consent to other, nor does past consent to a given act constitute present or future consent. Consent must be ongoing throughout a sexual encounter and can be revoked at any time. Consent cannot be obtained by threat, coercion, or force. Agreement under such circumstances does not constitute consent. It is the responsibility of person making sexual contact to make sure they understand fully what the person with whom they are involved wants and does not want sexually. Consent cannot be obtained from someone who is asleep or otherwise mentally or physically incapacitated due to alcohol, drugs, or other conditions. Engaging in sexual activity with a person whom you know – or reasonably should know – to be incapacitated constitutes sexual misconduct.

Deliberately indifferent - A response to sexual harassment or other sexual misconduct that is clearly unreasonable in light of the known circumstances.

Dating violence - Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. "Dating violence" includes, but is not limited to, sexual or physical abuse or the threat of such abuse. "Dating violence" does not include acts covered under the definition of domestic violence. Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Domestic violence - A felony or misdemeanor crime of violence committed by: (a) a current or former spouse or intimate partner of the victim, (b) a person with whom the victim shares a child in common, (c) a person who is cohabitating with, or has cohabitated

with, the victim as a spouse or intimate partner, (d) a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or (e) any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Education Program or Activity of a College – Locations, events, or circumstances over which the College exercised substantial control over both the respondent and the context in which the sexual harassment occurs, and also includes any building owned or controlled by a student organization that is officially recognized by a postsecondary institution.

Formal complaint - A document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the College investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the College with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator in Appendix "A", and by any additional method designated by the College. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the College) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under 34 CFR 106 or under 34 CFR 106.45, and must comply with the requirements of 34 CFR 106, including 34 CFR 106.45(b)(1)(iii).

Hostile Environment – An environment where the conduct of one or more individuals is sufficiently serious that it denies or limits a student's, faculty member's, or staff member's ability to participate in or benefit from the College's program based on sex. In determining whether a hostile environment exists, the College shall consider all relevant circumstances, including the following factors: (a) the degree to which the conduct affected the College's educational programs, (b) the type, frequency and duration of the conduct, (c) the age and sex of the alleged harasser and the subject or subjects of the harassment, (d) the location of the incidents and the context in which they occurred, (e) other incidents at the College, and (f) incidents of gender-based, but nonsexual harassment.

Incapacitation – Any situation in which a person is incapable of giving consent due to the student's age, state of consciousness, use of drugs or alcohol, or an intellectual or other disability.

Intimidation – The intentional act of coercing or frightening someone to engage or not engage in conduct of a sexual nature against the person's will.

Non-consensual sexual contact - Any physical touching of a sexual nature which is not preceded by consent or which continues after a previous consent is withdrawn.

Non-consensual sexual intercourse - Any sexual intercourse which is not preceded by consent or which continues after previous consent is withdrawn.

Respondent - Respondent means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Retaliation- The act of seeking revenge upon another person.

Sexual Assault - An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's UCR program.

Sexual harassment- Conduct on the basis of sex that satisfies one or more of the following:

- (1) An employee of the College conditioning the provision of an aid, benefit, or service of the College on an individual's participation in unwelcome sexual conduct;
- (2) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the College's education program or activity; or
- (3) "Sexual assault", "dating violence", "domestic violence", or "stalking" as defined herein.

Sexual intercourse - Vaginal or anal penetration by a penis, object, tongue or finger and oral copulation.

Sexual misconduct – Any act of sexual harassment, sexual violence, non-consensual sexual contact, nonconsensual sexual intercourse, sexual exploitation, quid pro quo, intimidation, or any act that creates a hostile environment or any act of retaliation against a complainant or anyone involved in a grievance procedure under this policy.

Sexual violence - Physical sexual acts perpetrated against a person's will or with a person who suffers from incapacitation. It also means same-sex conduct that violates the College's prohibition on sexual violence.

Stalking - Engaging in a course of conduct directed at a specific person that would cause a reasonable person to (a) fear for the person's safety or the safety of others or (b) suffer substantial emotional distress. Course of conduct means two or more acts,

including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

Standard of evidence – Preponderance of the evidence standard will be used for Title IX proceedings. The burden of proof is met when the party with the burden convinces the fact finder that there is a greater than 50% chance that the claim is true.

Supportive measures - Non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the College's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the College's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The College must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the College to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Title IX Coordinator – The person designated as such by the College's President or the person temporarily designated by the Title IX Coordinator to serve in that capacity during the Title IX Coordinator's incapacity or absence from the College's campus.

Unwelcome conduct - Conduct is unwelcome if an individual did not request or invite it and regarded the conduct as undesirable or offensive. Acquiescence in the conduct or the failure to complain does not always mean that the conduct was welcome.

4. Title IX Coordinator...

The College's current lead Title IX Coordinator and any deputy Title IX Coordinator(s) are the individuals specified in Appendix "A". The names and current contact information for these individuals, including the office address, electronic mail address, and telephone number can be found in Appendix "A", and on the College's website at www.thiel.edu/offices. All of the College's Title IX Coordinators shall work together to ensure consistent enforcement of its policies and Title IX.

The lead and deputy Title IX Coordinator(s) shall coordinate the College's efforts to comply with its responsibilities under this policy, guidance from the United States Department of Education, and federal statutes and regulations governing sexual misconduct. Further, when designating a Title IX coordinator, the College will make efforts to designate a coordinator whose other job responsibilities will not create a conflict of interest.

The Title IX Coordinator will assist the College in complying with Title IX and promoting gender equity in education.

The College will ensure that the Title IX Coordinator(s) are/is appropriately trained and possess comprehensive knowledge in all areas over which the Title IX Coordinator(s) has/have responsibility in order to effectively carry out those responsibilities, including College policies and procedures on sex discrimination and all complaints raising Title IX issues throughout the College.

5. College's Response to Sexual Harassment

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator(s), or by any other means that results in the Title IX Coordinator(s) receiving the person's verbal or written report. In addition, reports may be submitted anonymously via the College's website. Such report may be made at any time (including during non-business hours) by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX Coordinator(s).

a. Response to Sexual Harassment in General

When the College has actual knowledge of sexual harassment occurring in any of the College's education programs or activities against a person in the United States, the College shall respond promptly in a manner that is not deliberately indifferent. The College shall treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the College's grievance policy before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Additionally, the Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint. The College will provide written notification of complainant's options for, and available assistance in,

changing academic, living, transportation, and working situations, if so requested by the complainant and if such accommodations are reasonably available, regardless of whether the complainant chooses to report the crime to campus police or local law enforcement. The College will respond in the manner described in this section with or without a formal complaint.

b. College's Response to a Formal Complaint

When a formal complaint has been filed, the College shall follow all procedures consistent with Title IX and the College's grievance policy.

The College may remove a respondent from the College's education program or activity on an emergency basis, after the College undertakes an individualized safety and risk analysis, determines that the respondent poses an immediate threat to the physical health or safety of any student or individual arising from the allegations of sexual harassment and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. The College may also place a non-student employee respondent on administrative leave during the pendency of a grievance process.

c. Confidentiality and Privilege

The College will provide information, in writing, about how the College will protect the confidentiality of complainants, including how publicly-available recordkeeping will be accomplished without the inclusion of identifying information about the complainant, to the extent permissible by law. The College shall keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. The College shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the College to provide the supportive measures.

The College does not require, allow, rely upon, or otherwise use questions or evidence that constitute or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

6. Grievance Procedures for Formal Complaints of Sexual Harassment

For purposes of addressing formal complaints of sexual harassment, the College will comply with the grievance procedures of this section. The College's grievance procedures treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following a grievance process that complies with this section before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies are designed to restore or preserve equal access to the College's education program or activity.

a. Basic Requirements for Grievance Procedures

Grievance proceedings shall be conducted by officials who receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Proceedings shall provide a prompt, fair, and impartial investigation and resolution.

The College's grievance procedures shall use an objective evaluation of all relevant evidence, including both and exculpatory evidence. During the grievance process, credibility determinations may not be based on a person's status as a complainant, respondent, or witness.

Any individual designated by the College who is to be involved in the College's grievance procedures, such as a coordinator, investigator, or decision-maker, shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

The College's grievance procedure includes reasonably prompt time frames for the conclusion of the grievance process. This includes reasonably prompt timeframes for filing and resolving appeals and informal resolution processes, and a process that allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent for the delay or extension and the reasons for the action. "Good cause" may include consideration such as the absence of a party, a party's advisor, or a witness, concurrent law enforcement activity, or the need for language assistance or accommodation of disabilities.

The College's grievance procedures describe the range of possible sanctions and remedies that the College may implement following any determination of responsibility.

The grievance procedures also describe the standard of evidence to be used to determine responsibility. This standard of evidence is applied for formal complaints against students as well as formal complaints against employees, including faculty. It shall be applied to all formal complaints of sexual harassment.

b. Supportive Measures

The College must provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, and other services available for victims both on-campus and in the community. The College provides such written notification in Appendix "A". There are a range of supportive measures available to complainants and respondents. Such supportive measures may include but are not limited to, counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

c. Notice of Allegations

Upon receipt of a formal complaint from a student or employee or upon the initiation of a formal complaint by the Title IX Coordinator on behalf of the College, the College must provide the following written notice to the parties who are known: notice of the College's grievance procedures, including any informal resolution process, notice of the allegations of sexual harassment potentially constituting sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known.

The College's written notice must also include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.

The written notice must inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney and may inspect and review evidence. In accordance with Section CC of the College's Code of Conduct in the Student Handbook, students are not to knowingly provide false information to College officials in any form, written or verbal. Students are not to knowingly misuse, misrepresent, or falsify any College record, form or computer resource. Students who assist others by any means in the providing of false information as described in this section will be considered in violation.

If, in the course of investigation, the College decides to investigate allegations about the complainant or respondent that are not included in the notice requirements above, then the College will provide notice of the additional allegations to the parties whose identities are known.

d. Investigations of a Formal Complaint

The College must investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the College's education program or activity, or did not occur against a person in the United States, then the College must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under title IX. However, such a dismissal does not preclude action under another provision of the College's code of conduct.⁸⁰

As soon after the initiation of the investigation as possible, the Title IX Coordinator or the designated investigator shall notify all College employees or students who are believed to have documentary, electronic, or tangible evidence to preserve such evidence for the investigation. The College must also notify the complainant of: (a) the importance of preserving evidence as may be necessary to the proof of criminal domestic violence, dating violence, sexual assault, or stalking, or in obtaining a protection order, (b) the agencies to whom the alleged offense should be reported, (c) options regarding law enforcement and campus authorities, including notification of the complainant's option to (i) notify proper law enforcement authorities, including on-campus and local police, (ii) be assisted by campus authorities in notifying law enforcement authorities if the complainant so chooses, and (iii) decline to notify such authorities.

When investigating a formal complaint, the College must ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the College and not on the parties, provided that the College cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the College obtains that party's voluntary, written consent to do.

The College must provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the College does not intend to rely in reaching a determination regarding responsibility and or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.

The College must also provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other and exculpatory evidence. In addition, the College may not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

The College must provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The College may not limit the choice of advisor or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding. Advisors are not required to be attorneys. Additionally, the College may not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding. However, the College may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

The College must also provide to the party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all hearings, investigative interview, or other meetings with a party, with sufficient time for the party to prepare to participate.

e. Investigative Report

The College is required to create an investigative report that fairly summarizes relevant evidence. Prior to completion of an investigative report, the College must send each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format, or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report. The College must also provide a copy of the investigative report at least 10 days prior to a hearing or other time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

f. Live Hearing

The College is required under Title IX to have a live hearing as part of the College's grievance procedures.

During a live hearing, the College and the College's decision-maker(s) must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the parties'

advisor of choice and never by a party personally, notwithstanding the discretion of the College to otherwise restrict the extent to which advisors may participate in the proceedings. If a party does not have an advisor present at the live hearing, the College will provide without fee or charge to that party, an advisor of the College's choice, who may be, but is not required to be, an attorney, to conduct cross examination on behalf of that party.

The College must also make all evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examinations.

Only relevant cross cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker(s) must first determine whether the question is relevant and explain any decision to exclude a question as not relevant. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

If a party or witness does not submit to cross-examination at the live hearing, the decision-maker(s) must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the decision-maker(s) cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

Live hearings may be conducted with all parties physically present in the same geographic location or, at the College's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other. Colleges must create an audio or audiovisual recording, or transcript, of any live hearing and make it available to the parties for inspection and review. At the request of either party, the College must provide for the live hearing to occur with the parties located in separate rooms with technology enabling the decision-maker(s) and parties to simultaneously see and hear the party or the witness answering questions.

7. Determination Regarding Responsibility

For the purpose of making a determination regarding responsibility, the College must appoint decision-maker(s) who cannot be the same person(s) as the Title IX

Coordinator(s) or the investigator(s) for the College's grievance procedures. When making a determination regarding responsibility, the College must apply the standard of evidence as defined above.

The College's decision-maker(s) must issue a written determination regarding responsibility. The College must provide the written determination to the parties simultaneously. The College's written determination must include:

- (a) identification of the allegations potentially constituting sexual harassment;
- (b) a description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- (c) findings of fact supporting the determination;
- (d) conclusions regarding the application of the College's code of conduct to the facts;
- (e) a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the College imposes on the respondent, and whether remedies designed to restore or preserve equal access to the College's education program or activity will be provided by the College to the complainant; and
- (f) the College's procedures and permissible bases for the complainant and respondent to appeal.

The College must list all of the possible sanctions or supportive measures that the College may impose following the results of any College disciplinary proceeding for an allegation of dating violence, domestic violence, sexual assault, or stalking in its annual security report, all of which are listed in Appendix "B". In cases of alleged violence, sexual harassment, dating violence, sexual assault, or stalking, both the complainant and the respondent shall be simultaneously informed in writing of the outcome of any institutional disciplinary proceeding, the institution's procedures for the accused and the complainant to appeal the results of the institutional disciplinary proceeding, any change to the results that occurs prior to the time that such results become final, and when such results become final.

The determination regarding responsibility becomes final either on the date that the College provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator is responsible for effective implementation of any remedies.

8. Appeals

The College must offer both parties an appeal from a determination regarding responsibility, and from a College's dismissal of a formal complaint or any allegations therein, on the following bases: (a) procedural irregularity that affected the outcome of the matter; (b) new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and/or (c) the Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

As to all appeals, the College must (a) notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties; (b) ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator; (c) ensure that the decision-maker(s) for the appeal complies with the standards set forth in this policy and Title IX; (d) give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; (e) issue a written decision describing the result of the appeal and the rationale for the result; and (f) provide the written decision simultaneously to both parties.

9. Informal Resolution Process

A College may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this section. Similarly, a College may not require the parties to participate in an informal resolution process under this section and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the College may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the College (a) provides to the parties a written notice disclosing: (i) the allegations, (ii) the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint, and (iii) any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; (b) obtains the parties' voluntary, written consent to the informal resolution process; and (c) does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

10. Record Keeping

A College must maintain for a period of seven years records of each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the College's education program or activity; any appeal and the result therefrom; any informal resolution and the result therefrom; and all materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. Materials used to train Title IX Coordinators, investigators, decision-makers, and any persons who facilitates an informal resolution process will be publicly available on the College's website.

The College shall create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the College shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the College's education program or activity. If the College does not provide a complainant with supportive measures, then the College must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the College in the future from providing additional explanations or detailing additional measures taken.

11. Prevention and Education

The College shall provide education programs to promote the awareness of rape, acquaintance rape, domestic violence, sexual assault, sexual harassment, and stalking, which shall include:

1. Primary prevention and awareness programs for all incoming students and new employees, which shall include:
 - a. A statement that the College prohibits the offenses of domestic violence, dating violence, sexual assault, sexual harassment, and stalking;
 - b. The definition of domestic violence, dating violence, sexual assault and stalking in the state of Pennsylvania;
 - c. The definition of consent, in reference to sexual activity, in the state of Pennsylvania;
 - d. Safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, sexual assault, sexual harassment, or stalking against a person other than such individual;

- e. Information on risk reduction to recognize warning signs of abusive behavior and how to avoid potential attacks;
- f. Information described in 20 U.S.C. 1092(f)(8)(B)(ii) through (vii); and

12. Training

The College ensures that Title IX coordinators, investigators, and decision-makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the

1. Ongoing prevention and awareness campaigns for students and faculty including the information described in clauses (a) through (f) of subparagraph 1 above.

College's education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. Coordinator(s) should be knowledgeable about other applicable Federal and State laws, regulations, and policies that overlap with Title IX. Additionally, the College ensures that decision-makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. Furthermore, the College ensures that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

The College uses training materials that do not rely on sex stereotypes to train coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The College also uses materials that promote impartial investigations and adjudications of formal complaints of sexual harassment to train coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.

13. Retaliation Prohibited

The College or any other person may not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or this part, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this part. Intimidation, threats, coercion, or discrimination,

including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or

circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part, constitutes retaliation. Complaints alleging retaliation may be filed according to the grievance procedures for sex discrimination. The exercise of rights protected under the First Amendment does not constitute retaliation. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation. However, a determination regarding responsibility alone will not be sufficient to conclude that any party made a materially false statement in bad faith.

Appendix “B”

Possible Sanctions or Supportive Measures That College May Impose Following the Results of Any College Disciplinary Proceeding under this Policy

The following sets forth a non-exhaustive list of potential remedies for complainants, which the School may impose. Possible sanctions include disciplinary warning, loss of privilege, restitution, fines, community service, educational sanction, residence hall suspension or eviction from on campus housing, disciplinary probation, summary suspension, disciplinary suspension, disciplinary dismissal, and disciplinary expulsion.

The School may provide immediate steps and interim measures to ensure the safety and well-being of the complainant, such as no-contact orders; housing reassignments; changes to employment or academic assignments (including the ability to withdraw from a course without penalty); modifications to work schedules, work locations, and/or work responsibilities; interim separation of a student from the College; restricted campus access; provision of escort by Public Safety Officers; temporary or interim suspensions; restricted participation in College activities or programs for which the respondent might otherwise be eligible; holds on a student respondent's records as appropriate; or any other measures the College deems appropriate.

REPORTING AN INCIDENT OF SEXUAL MISCONDUCT (Including Harassment)

Thiel College encourages any member of the Thiel community who has experienced an incident of sexual misconduct or knows of another member of the community who has experienced sexual misconduct to report the incident to the College. This would include sexual harassment, sexual assault, sexual discrimination, domestic violence, dating violence, sexual violence or stalking.

If a Thiel College student, faculty or staff member, visitor, or contractor has experienced an incident of sexual misconduct, she or he is encouraged to immediately report the incident to one of the following campus resources:

- Thiel College Police Department: 724-589-2222 (ext. 2222 if calling from a campus phone) – Location: 2nd floor of the Howard Miller Student Center (HMSC) – Hours: Reachable by phone 24/7
- Jennifer Clark, Title IX Coordinator, Director of Human Resources: 724-589-2858 – Location: 1st floor Roth Hall – Hours Monday-Friday 8:00 a.m. – 5:00 p.m.
- Makaela Rust, Title IX Deputy Coordinator, and Coordinator Residence Life: 724-589-2353 –Location: 1st floor of the Howard Miller Student Center (HMSC)

Individuals who are on campus can also make an in-person report with the previously listed individuals. Any of those individuals will assist all members of the Thiel community by assessing the incident, advising the survivor on how he or she can seek legal protection, and making the survivor aware of medical, counseling, and other support

services. Likewise, the officials will provide the survivor information about her or his rights, campus processes and procedures related to incidents of sexual misconduct, confidentiality, and accommodations the institution can make in order to protect and support the survivor.

If a reported incident did not occur on campus or if the reporting person would prefer to work with outside legal or medical resources, Thiel College Police and Title IX Coordinators can assist the survivor in notifying the local police department with jurisdiction over the crime and/or contacting another local resource. **In case of an emergency or ongoing threat, a survivor should get to a safe location and call 911.** Calling 911 will put you in touch with local police.

Survivors are not required to report to area law enforcement in order to receive assistance from or pursue any options within Thiel College.

Reporting sexual misconduct to the police (including the Thiel College Police Department) does not commit the survivor to further legal action. However, the earlier an incident is reported, the easier it will be for the police to investigate, if the survivor decides to proceed with criminal charges.

PROCEDURES SURVIVORS SHOULD FOLLOW

If an incident of sexual assault, domestic assault, dating violence, or stalking occurs, it is important to preserve evidence so that successful criminal prosecution remains an option.

The survivor of a sexual assault should not wash, shower or bathe, douche, brush teeth, comb hair, or change clothes prior to a medical exam or treatment. If a survivor has removed the clothing he or she was wearing during the assault prior to seeking medical treatment, that clothing should be placed in a brown paper, not plastic, bag and brought to the hospital when treatment is sought. If the survivor is still wearing the clothes that he or she was wearing during an assault, he or she should bring a change of clothes (including shoes) with her or him to the hospital so that the clothes containing possible evidence can be preserved and examined for evidence of the crime.

Evidence of violence, such as bruising or other visible injuries, following an incident of sexual assault, or domestic or dating violence, should be documented by taking a photograph. Evidence of stalking, including any communications such as written notes, email, voice mail, text messages, or other electronic communications sent by the stalker, should be saved and not altered in any way.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the College, the below are the procedures that the College will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

Incident Being Reported:	Procedure Institution Will Follow:	Evidentiary Standard
Sexual Assault	<ol style="list-style-type: none"> 1. Depending on when reported (immediate vs delayed report), institution will provide complainant with access to medical care 2. Institution will assess immediate safety needs of complainant 3. Institution will assist complainant with contacting local police if complainant requests AND complainant provided with contact information for the Thiel College Campus police department 4. Institution will provide complainant with referrals to on and off campus mental health providers 5. Institution will assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, "No Contact" directive between both parties 6. Institution will provide a "No trespass" (PNG) directive to accused party if deemed appropriate 7. Institution will provide written instructions on how to apply for Protective Order 8. WRITTEN NOTIFICATION OF RIGHT AND OPTIONS

Any student or employee that reports an incident of sexual assault, sexual harassment, domestic violence, dating violence, or stalking, whether the incident occurred on or off campus, shall receive a written explanation of their rights and options as provided for under this policy.

These rights and options include the right(s) of a survivor to:

- A. Go to court, and to file a domestic abuse complaint requesting an order restraining your attacker from abusing you, and/or an order directing your attacker to leave your household, building, school, college, or workplace;
- B. Seek a criminal complaint for threats, assault and battery, or other related offenses;
- C. Seek medical treatment (the police will arrange transportation for you to the nearest hospital or otherwise assist you in obtaining medical treatment if you wish);
- D. Request the police remain at the scene until your safety is otherwise ensured;
- E. Request that a police officer assist you by arranging transportation or by taking you to a safe place, such as a shelter or a family or friend's residence; and
- F. Obtain a copy of the police incident report at no cost from the police department.

POSSIBLE INTERIM MEASURES

When the College receives a report of an alleged incident of sexual misconduct, there are Interim Measures the College can take during the initial fact-finding or investigative process to help minimize the impact of the incident, decrease the chance of recurrence, and provide a safe educational and/or work environment. Interim Measures can be taken regardless as to whether or not a reporter or alleged victim chooses to pursue the complaint. In most cases, a Title IX Coordinator will organize accommodations, remedies, and protective measures with various campus departments. Privacy will be safeguarded as best as possible while these arrangements are being made. The steps taken will be determined on a case-by-case basis, and other contextual factors, including the need to ensure individual and community safety. The reporter, alleged victim, or respondent are encouraged to contact the Title IX Coordinator for assistance with activating any number of interim measures.

Interim Measures can include, but are not limited to, no-contact orders, housing reassignments, changes to employment or academic assignments (including the ability to withdrawal from a course without penalty), modifications to work schedules, work locations or responsibilities, interim separation of a student from the College, restricted campus access, provision of escort by Public Safety Officers, temporary or interim suspensions, or any other measures the Colleges deems appropriate. In some cases,

the Title IX Coordinator may restrict participation in College activities or programs for which the respondent might otherwise be eligible. The College may also put a hold on a student respondent's records, as appropriate. These measures may remain in effect through any appeal process, and to the extent possible, the reason for the interim measures will remain confidential.

Interim Measures do not replace a Resolution Pathway, defined in this material, which shall proceed according to the defined process.

UNDERSTANDING CONFIDENTIALITY

Privacy concerns are typically at the forefront when someone has experienced an incident of sexual misconduct.

It is important to understand the degree of confidentiality that individuals can expect from College resources. College officials are trained in the importance of confidentiality and the protocols for maintaining that confidentiality.

Confidential Employees

College Counselor and Pastor

If a student wishes to seek complete confidentiality, the best option is to consult first with a College Counselor or the Campus Pastor. The Pastor or Counselor can provide confidential advice, share resources, and inform the student about the process for making an official report to the College without any requirement to disclose information to the Title IX Coordinator

Mostly Confidential Employees

Wellness Center Staff

The Director of Student Wellness Center/Campus Nurse can talk to a student complainant, alleged victim, or reporter without being required to disclose personally identifiable information about the alleged victim to the Title IX Coordinators. Students can seek assistance and support from the Director/Campus Nurse without triggering an investigation that would reveal the identity of the alleged victim. The Director/Campus Nurse is only required to share a limited report to inform the Title IX Coordinator of the date, time, general location and nature of the incident. She is not required to report information that would identify the alleged victim. The general information is necessary in order for the College to appropriately track patterns, evaluate the scope of the problem and formulate appropriate campus-wide responses. Before sharing the general

report with the Title IX Coordinator, the Director/Campus Nurse will work to consult with the reporter to ensure that no personally identifiable details about the reporter or victim are shared.

Responsible Employees/Mandatory Reporters

All other College offices and resources are committed to protecting your privacy, but they also have an obligation to protect campus safety. Employees of the College that do not fall under the above two categories (including student Resident Leaders) are considered “Responsible Employees” under Title IX. As a result, they have an obligation to share information with the Title IX Coordinators and/or Campus Police. Other administrators may also learn some limited information on a “need to know” basis.

According to this policy, whenever a Responsible Employee becomes aware of any information related to a report of sexual harassment, sexual misconduct, sexual exploitation, stalking, dating violence, or domestic violence, the Responsible Employee must share all relevant details about the alleged incident with a Thiel College Title IX Coordinator. This information includes all the details necessary for the College to determine what happened – including the names of the reporter, the alleged victim, the respondent(s), and any witnesses, and any other relevant facts, including but not limited to, the date, time and specific location of the alleged incident. To the extent possible, information reported to a Responsible Employee will be shared only with people responsible for handling the College’s response to the report. A Responsible Employee generally will not share information with local law enforcement without the alleged victim’s consent, or unless the alleged victim has also reported the incident to law enforcement.

Before a reporter or alleged victim reveals any information to a Responsible Employee about an incident covered by this policy, the Responsible Employee will make all best efforts to ensure that the reporter or alleged victim understands the limitations for confidentiality and the obligations to disclose personally identifiable information to College officials. If the reporter or alleged victim prefers to consult with a more confidential resource person, the Responsible Employee should assist with an appropriate referral.

If the reporter or alleged victim decides to report an incident to a Responsible Employee, but then requests that the Responsible Employee maintain confidentiality or requests that no investigation into the alleged incident be conducted or no disciplinary action be taken, the Responsible Employee should inform the reporter or alleged victim that the Title IX Coordinator will review the information and consider the request for such confidentiality/non-action, but that confidentiality/non-action cannot be guaranteed.

The Responsible Employee should not ever pressure a reporter or alleged victim to request confidentiality or to make a full report.

Confidential community resources for an immediate or emergency response include:

Title IX Coordinators

As part of the College's general monitoring process and according to the Title IX amendment, all information about incidents of sexual misconduct are shared with the College Title IX Coordinator, who is charged with taking steps to end the sexual misconduct, prevent its recurrence, and repair or reduce harm as best as possible. Students in official roles – such as Resident Leaders – are also required to make such reports. If a Title IX Coordinator received information about an incident of sexual misconduct, she or he may reach out to a reporter or alleged victim to offer to explain options and accommodations, and to assess the situation. In cases of sexual assault or other criminal conduct, Title IX Coordinator will share information with the Thiel College Police, and will advise you about the resources and assistance the Police can provide.

If you decide to pursue remedies and/or a complaint, a few more people may become involved in your case, but your privacy will still be respected and safeguarded to the fullest extent possible. You can also ask that a complaint not be pursued, or that a complaint be pursued only if you remain anonymous – your request will be accommodated to the extent possible, balanced against the need to maintain campus safety. In situations where confidentiality request limits and investigation or prevents the College from taking direct disciplinary action, it will take other reasonable steps to minimize the effects of the reported misconduct and prevent its recurrence.

Thiel College Police

The Thiel College Police may receive reports from a Title IX Coordinator, or directly from you. The Thiel College Police can offer confidential consultations regarding possible criminal investigation. They are subject to state requirements for investigating and responding to reports of crime, but ordinarily the decision about whether or not to press criminal charges is up to the alleged victim. In cases of sexual misconduct, the Thiel Police will share information with the Title IX Coordinator, and will advise the alleged victim about the resources and assistance the College can provide.

The confidentiality of a police report shifts over time. Once a case is closed, it becomes a matter of public record. This does not mean it is widely released, but it will be available upon request. It is practice to redact (black out) the names of victims, along

with any other identifying information. So while it is not “confidential,” your name would not be public in most cases.

Information Shared with the Broader Community

Under the Clery Act, the College is responsible for issuing “timely warnings” (emergency alert messages”) in response to some reports. Only specific crimes, such as sexual assault, trigger a warning. The crime must have occurred within the officially-designated campus area, and there must be a serious or ongoing threat to the community to require an alert. If you report an incident of sexual misconduct that meets these strict criteria, a message will be sent out from the College emergency alert system. The warning message will contain a brief description of the crime, and may indicate the location where the incident occurred. It will not include any information that would identify you or other individuals involved (with exception to the alleged perpetrator). In all but exceptional circumstances, you would be informed in advance of distribution of the message.

PURSUING A COMPLAINT

Complaints may be pursued with the Thiel College Police/Public Safety Department or with the Title IX Coordinators and Deputy Coordinators. Each party receives comprehensive annual training on relevant laws, regulations, and disciplinary codes; the dynamics and patterns of sexual misconduct; the importance of confidentiality, fair process, and impartiality; safety considerations when determining interim measures; and appropriate criminal and disciplinary sanctions. These officials coordinate closely to streamline complaint processes. In the absence of an acute threat to individual or community safety, you may decide which among the available options you wish to pursue. These options are not mutually exclusive. Whichever resolution pathway you choose (when given the choice), you have the right to have a support person present at every stage. Respondents also have the right to a support person of their choice. All proceedings are designed to be fair, prompt, and impartial.

Retaliation

Thiel College strictly prohibits retaliation against any person for, in good faith, using this reporting procedure, or for filing, testifying, assisting or participating in any manner in any investigation or proceeding involving allegations of sexual misconduct. Any person who violates this policy will be subject to discipline, up to and including termination if they are an employee, and/or dismissal if they are a student.

Definition of Retaliation

Retaliation is any action by any person that is perceived as: intimidating, hostile, harassing, retribution, or violent that occurred in connection to the making and investigation of the report. The retaliation can be direct (coming directly from a specific person), or indirect (coming from social media, groups, etc.). Either form is prohibited and will be subject to disciplinary action.

Notification of Outcomes

Written notification of the outcome of the College's investigation into an alleged violation of this Policy will be issued by the Title IX Coordinator with a copy sent to the Coordinator of Student Discipline and/or the Vice President of Student Life and/or Director of Human Resources (depending on whether the respondent is a student or employee). The outcome of and sanctions resulting from a resolution are part of the student Respondent's confidential student discipline record, or the employee's employment file maintained in the Human Resource Office. The College will notify the Complainant and Respondent in writing contemporaneously. When applicable, the written notification will be deemed to be received on the date the notification is sent via email.

Under this Policy, Complainants have a right to be informed of interim measures. Only information which directly impacts the Complainant's rights under this Policy will be shared.

The College reserves the right to take whatever measures it deems necessary in response to an allegation of sexual harassment, sexual misconduct, sexual violence, sexual exploitation, domestic violence, dating violence, or stalking in order to protect the rights and personal safety of community members. If a student is found responsible for violating this Policy, sanctions may be imposed. The Title IX Coordinator will consult the Coordinator of Student Discipline and/or the Vice President of Student Life to determine appropriate sanctions. Appropriate and reasonable sanctions will be based on the current violation and any previous violations made by the Respondent. When determining sanctions, the College will consider the concerns and rights of the Complainant, Victim, Respondent, and campus community.

Not all violations of this Policy will be deemed equal, and the College reserves the right to impose differing sanctions for students depending on the severity of the offense and previous conduct. The College also reserves the right to refer any report of a violation of this Policy to the local police or other law enforcement agencies. However the College typically will not do so if the Alleged Victim objects to such reporting. Even if criminal justice authorities do not prosecute Thiel College students or employees, the College can pursue disciplinary action.

In situations with a student facing criminal charges or subject to a criminal investigation, the College's response may be initiated at any time during such investigation or criminal proceedings. Typically the College will not wait for an outcome of an ongoing criminal proceeding or investigation.

Retaliation will not be tolerated at Thiel College. Any student or employee of the College found to be engaged in retaliation will be subject to disciplinary action.

Examples of possible disciplinary sanctions for violation of this Policy have been provided below. However the College reserves the right to assign alternative sanctions not listed below. Multiple sanctions may be imposed, and sanction may be imposed upon individual students, student organizations, or groups of students. Failure to comply with disciplinary sanctions may result in more severe sanctioning.

Possible Disciplinary Sanctions for Students

Disciplinary Expulsion. Disciplinary expulsion is the permanent withdrawal of the privilege of registration, class attendance, or residence on the campus. The privilege of the use of college facilities is withdrawn by this action. Parents of the student may be notified of the disciplinary expulsion status. (Any refund due the student would be consistent with the College refund policy.)

Disciplinary Dismissal. Disciplinary dismissal is the withdrawal of the privilege of registration, class attendance, and residence on the campus with no promise (implied or otherwise) that the student may return at any future time. The privilege of the use of college facilities is withdrawn by this action unless specific permission is obtained from the President of the College or his/her designee. Parents of the student may be notified of the disciplinary dismissal status. A student on disciplinary dismissal may be readmitted only by action of the President of the College or his/her designee. A student who has been dismissed is not eligible for readmission sooner than one year from the date of dismissal. If the student is readmitted, established proof of further incident of misconduct may result in expulsion. (Any refund due the student would be consistent with the College refund policy.)

Disciplinary Suspension. Disciplinary suspension is an action that may exclude the student from registration, class attendance, and residence on the campus, the use of College facilities, or all of the above for a specified period of time. In unusual circumstances (when the presence of the student on campus is deemed to be acceptable), college suspension action decided after the eighth week of the term may be deferred to the next term, upon such terms as may be imposed by the college. Parents may be notified of the suspension status. Upon termination of the period of suspension, the student must petition, in writing, to be reviewed for possible readmission based on the conditions of the suspension and review by the Student Life Office. If readmission is granted, the student may be considered for registration in compliance with academic admission standards then in effect. If a student is found to have committed an additional violation of College policy after the student is readmitted, he/she will likely be dismissed or expelled. (Any refund due the student would be consistent with the College refund policy.)

Disciplinary Probation. Disciplinary probation is a trial period during which a student(s) must behave in a manner acceptable to the College. The status of disciplinary probation is assigned for a specific period of time. While on disciplinary probation, a student is

encouraged and may be required to seek advice and counsel from appropriate College and/or community offices. Terms of probation may be set forth that restrict the student's participation in co-curricular activities. Disciplinary probation status may affect qualification for some awards, prizes, or student aid (particularly those stipulating conduct acceptable to the College). Further incidents of misconduct while on probation may result in disciplinary suspension from the College as well as sanctions for the offense. Parents may be notified of the probationary status for certain violations. Disciplinary probation is recorded in the confidential discipline records of the Student Life Office.

Disciplinary Warning. This written action is taken when conduct or disciplinary involvement merits an official admonition. A disciplinary warning is a notice to the student(s) that the conduct in question was inappropriate and that future breaches of conduct will be treated more severely. The warning is recorded in the confidential discipline records of the Student Life Office.

Other Possible Sanctions for Students:

Loss of Privilege - Loss of privilege is the withdrawal of a privilege or use of a service for a specific period of time consistent with the offense committed and the rehabilitation of the student. Loss of privilege is recorded in the confidential discipline records of the Student Life Office.

Restitution - Restitution requires the student(s) to pay for damages or misappropriation of College property or the property of members or visitors of the College community. Such reimbursement shall be charged to any student(s) who alone or through group-concerted activities organizes or participates in the events causing the damages or costs. Restitution may also be required of members of a residence hall, apartment or theme house floor or building if responsible parties for damages are not found. Parents may be notified of this action and grades withheld if restitution is not paid.

Fines - Violations of the Student Code of Conduct can result in assessment against a student(s) by the College for previously published rules and regulations. Fines, if not paid, will result in the amount being added to a student's Student Account and listed as student disciplinary charges.

Community Service - This may include work assignments, community service projects, written assignments or a related discretionary sanction.

Educational Sanction - This may include written assignments, hall presentations, job shadowing opportunities, or other related sanctions.

Residence Hall Suspension/Eviction from On-Campus Housing - This entails removal or the separation of the student(s) from on campus housing and termination of

the housing agreement for a definite period of time, after which the 15 student(s) may be eligible to return. Particular conditions for readmission may be specified in writing. (Any refund due to the student(s) would be consistent with College refund policy.) Parents may be notified of the residence hall suspension.

Possible Sanctions or Outcomes for Employees:

- **Suspension** – An employee may receive an unpaid suspension from his/her duties for a period of time determined by the College
- **Termination** – An employee may also be terminated from his/her position as a result of violating this Policy.

Presence of a Support Person

The complainant and the Respondent both have the right to be accompanied by one support person of their choice during the course of any investigation or resolution process under this Policy. The support representative may be any person, including an attorney, but the role of that person is limited to that of a support representative.

Two days prior to any scheduled resolution meeting or proceeding, the Complainant or Respondent must provide the name of their support person, if any, to the investigator or Title IX Coordinator; otherwise, the College reserves the right to prohibit a Complainant's or Respondent's support person from attending any resolution meeting or proceeding. The College also reserves the right to have its own legal counsel present during these meetings or proceedings.

Delays will not normally be allowed due to the scheduling conflicts of a support person. Support persons, including attorneys, are there to provide emotional support to a party; they cannot speak, respond, or otherwise participate in the meeting. They may not take notes or otherwise record the proceedings. If a support person disrupts the process, including but not limited to failing to abide by this Policy or related instruction from the authorized representative of the College, the support person may be asked to leave the room, or the meeting may need to be rescheduled and without the presence of that same support person.

A person alleging sexual assault, domestic violence, dating violence, or stalking may also utilize the complaint and investigatory procedures set forth in the college's policy against Sexual Harassment located on page 33 of the Student Handbook in order to remedy any hostile environment.¹ All conduct proceedings against students, however, will be resolved through The Dean of Students, Student Life Staff or Student Conduct

¹ "Hostile Environment" is the term used by Title VII in employment law as it relates to action taken against a person in retaliation of a complaint of sexual harassment or for cooperating with a sexual harassment investigation. Under Title IX, the term used is "retaliation." Institutions may choose to provide both terms for clarification although it is not required.

Board. The Title IX Coordinator will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: an order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved. ²Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Thiel College.

Sex Offender Registration

The Federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

In Pennsylvania, convicted sex offenders must register with the Pennsylvania State Police. You can find this information, which appears on www.pameganslaw.state.pa.us/registration.

Education and Prevention Programs

The College engages in comprehensive educational programming to prevent domestic violence, dating violence, sexual assault and stalking. Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and faculty that:

- a. Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
- b. Defines what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
- c. Defines what behavior and actions constitute consent to sexual activity in the State of Pennsylvania;
- d. Provides safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk

² Applicable law requires that, when taking such steps to separate the complainant and the accused, the University must minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.

- of domestic violence, dating violence, sexual assault, or stalking against a person other than the bystander;
- e. Provides information on risk reduction so that students and employees may recognize warning signs of abusive behavior and how to avoid potential attacks.
 - f. Provides an overview of information contained in the Annual Security Report in compliance with the Clery Act.

The College has developed an annual educational campaign³ consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation; participating in the spring and fall Faculty orientation program; presenting programs throughout the year.

Prevention Strategies and Techniques Sexual Harassment

Be a role model - A community free from sexual harassment requires effort from all of us. Engage respectfully with your peers and colleagues, and think carefully about how words or actions that may seem insignificant to you could hurt someone else. If you are a teacher or supervisor, set high standards for your community and model the behavior you expect. ***Remember: we are all entitled to study and work in a respectful environment*** - If there are elements of an environment that feel hostile, seek ways to intervene. Call on friends, colleagues, and other allies, as well as authority figures including Title IX Coordinators, supervisors, deans, and professors, who should be able to help you.

Stalking

Take repeated unwanted attention seriously - Stalking can sometimes seem merely annoying or even flattering, especially if it is happening primarily online or via phone. But the intrusive nature of stalking must be taken seriously, and it can escalate to a pressing threat quickly. Don't dismiss concerns—either your own or others'. ***Be safe*** - In an emergency, you should always call 911 or Campus Police (724) 589-2222. If you need to make a longer-term plan for your safety, Student Life, Thiel Police, or your Title IX Coordinators can help.

³ Under the 2013 Reauthorization of the Violence Against Women Act, institutions must implement “primary prevention and awareness programs for **all incoming students and new employees**” AND “ongoing prevention and awareness campaigns **for students and faculty**” that include a-f above under section B. While “campaign” is yet to be defined, examples of “primary prevention programs” as they relate to incoming students may be found here:

<http://www.ovw.usdoj.gov/docs/campusminimumstandards-orientation.pdf>

Intimate Partner Violence (IPV)

Look out for your friends - Sometimes, people worry that expressing concern about a friend's relationship will be perceived as meddling. If you're worried about a friend, Student Life, Thiel Police, or a Title IX Coordinator can guide you on how to help.

Be alert to patterns - Relationships are complicated, and IPV can be difficult to identify. Individual actions may not seem troubling in isolation, but may work together in dangerous ways. Be on the lookout for patterns of isolation, control, and intimidation.

Sexual Assault

Take sexual pressure seriously - Many sexual assaults begin with low-level sexual pressure. Though sexual pressure and disregard don't always lead to assault, you deserve to have your boundaries respected, not pushed. **Hold out for enthusiasm** - In general, it's easy to tell if someone is enthusiastic about an encounter or not. Take any signs of reluctance or refusal, including nonverbal signs, very seriously. If the signs are ambiguous, be sure to stop, and then check in or ask questions.

Thiel College offers a number of programs and services aimed at helping our community to become better educated on these specific issues.

Examples of such programs include:

Sexual Misconduct Orientation Trainings

All new students and new employees will be required to participate in Sexual Misconduct Training as part of their orientation. This training takes shape in two different styles. We offer online training to all employees and students, and students receive a live training as part of the new student orientation process. For more information about these trainings, please contact one of your Title IX Coordinators.

AWARE Training

The Thiel College Police and Residence Life departments invite the Mercer County victims advocacy group, AWARE, to come in on an annual basis and provide live training opportunities for students and employees. Typically these trainings are held at the beginning of each semester. Please contact Chief of Police, Dennis Bish (724-589-2186), to schedule additional trainings.

Online Training

The Thiel College Title IX Coordinators have arranged for an online sexual misconduct training for all Thiel employees and students. Each year an email notification will be sent out to encourage participation. All students and employees are responsible for participating in this training.

Training Brochures

Each year sexual misconduct training brochures will be made available to all students and employees. These brochures will be strategically located in various high traffic buildings throughout campus (i.e. Residence halls, academic center, etc.). For a copy of the brochure, please contact a Title IX Coordinator.

RESIDENCE LIFE FIRE POLICIES & PROCEDURES

In order to protect the health and property of residents, the College has established the following procedures for fire safety in campus housing:

1. Before a fire:

- a. Know the location of all fire alarm stations and fire safety equipment on the floor.
- b. Know the location of all exits throughout the building.

2. Discovering a fire:

- a. Immediately pull the handle on the nearest fire alarm station.
- b. If time permits, notify **Public Safety (ext. 2222)** and a Residence Life Staff member.
- c. Vacate the building as quickly and safely as possible by the nearest accessible exit.

3. Hearing the Fire Alarm Sound:

- a. Open curtains.
- b. Put on shoes and coat and take a towel to cover face.
- c. Turn off all lights.
- d. Vacate the room, close the door and lock it if time permits.
- e. Vacate the building as quickly and safely as possible by the nearest accessible exit.
- f. If you encounter smoke while exiting, keep as low to the floor as possible.

NOTE: If your door or doorknob is hot, do not attempt to leave your room. Keep your door closed. Place a blanket or towel along the bottom of the door to keep smoke out of the room. Hang something out of your window and shout for help to attract attention.

4. After vacating the building:

- a. Leave the immediate area of the building.
- b. Remain at least 200 feet from the building until you receive further instructions from emergency personnel and/or staff members.

Tampering with fire/safety equipment or sounding a false fire alarm is against the law. Violators could be referred to the District Magistrate's Office and will face a Campus Disciplinary Hearing. Violators could be fined up to \$1000, be dismissed from the residence halls, and/or be suspended from the College, and have a police record. Students are not to alter or misuse any fire- fighting equipment, protective devices designed for such equipment, or other emergency device. Tampering with or otherwise rendering useless any College equipment or property intended for use in preserving or protecting the safety of members of the College community such as sprinkler heads, exit signs, fire extinguishers, fire alarms, fire boxes, smoke alarms, water/steam pipes,

first aid equipment, or emergency telephones is prohibited. Obstructing fire escape routes, such as hallways or stairwells, is also prohibited.

5. Illegal Items for fire safety include, but are not limited to:

- a. All types of neon signs, extension cords, microwave ovens, toaster ovens, toasters, halogen lamps, hot plates, candles, incense, air conditioners, paint, paint thinner, and any open coil cooking equipment.

6. Maximum number of people in a room/apartment:

- a. In a residence hall room, no more than 6 people (including the resident(s) may be in a room at one time.
- b. In an apartment/townhouse, no more than 10 people (including the resident(s) may be in an apartment/townhouse at one time.
- c. In a small house, no more than double the occupancy of the house (including the resident(s) may be in a house at one time. (For example, if 42 College Ave. has 8 current residents, the maximum number of people who may be in 42 College Ave. at one time is 16; if 58 College Ave. has 20 residents, then the maximum number of people who may be in 58 College Ave. at one time is 40).

7. Holiday Decorations Policy. Because of the potential for accidents or fires, the following regulations must be observed by anyone wishing to exhibit decorations:

- a. Only artificial trees shall be permitted in all College residences.
- b. Only UL approved, or listed, electrical lights may be used. If foreign-made light sets are used, be sure that the electrical wiring and receptacles, as well as the bulbs, are listed by Underwriters Laboratories and are so marked. Lights are not to be placed around doors or windows with the power line passing through the doorway or window frame to an outlet. The opening or closing of the door or window could short the power line.
- c. Decorations are not to be placed in any corridor or area that might obstruct an exit.
- d. All decorations used on the inside of a College building must be flameproof, or be made of a material that is flame retardant.
- e. No open flames (candles, sterno, liquid fuel, etc.) may be used.
- f. At no time will hallway lights, exit lights, etc., be painted or covered over.
- g. All decorations must be removed before leaving for breaks.

All occupants must exit a building when the alarm has sounded and remain outside of a building until given the all clear by College personnel. A member of the fire department will determine when it is safe for the residents to reenter the building. In the event of

inclement weather, Campus Police Officers will open a building with adequate space close to the residence hall for residents to seek refuge until the all clear is given.

The Greenville Fire Department conducts annual training for all residence life staff. The training consists of fire extinguisher use and general fire safety. They are briefed on the procedures for evacuation and to notify the Campus Police Department. Residence life staff, in turn, briefs students on their responsibility for evacuation of the residence hall and evacuation is practiced once each semester.

All fire alarm system devices and components are tested and inspected annually in accordance with NFPA 72.

Illegal Items for fire safety include, but are not limited to: All types of neon signs, extension cords, microwave ovens, toaster ovens, toasters, halogen lamps, hot plates, candles, candle warmer, incense, air conditioners, paint, paint thinner, and any open coil cooking equipment. Microwave ovens are **not** allowed in residents' rooms because of the electrical power they require. One microwave oven is provided in each residence hall for community use.

DAILY CRIME AND FIRE LOG

The Department of Public Safety combines its Daily Crime Log and Fire Log into one public document. DPS makes the Daily Crime and Fire Logs for the most recent 60-day period open to public inspection during normal business hours (typically Monday through Friday, from 8am to 4pm, except holidays). Any portion of these crime and fire logs that are older than 60 days are made available for public inspection within two business days of a request. All confirmed fires occurring within or on any and all on campus residential facilities will also be included in the Daily Crime and Fire Log. The information in the crime and fire log typically includes the incident number, crime classification or nature of the fire, date reported, date occurred, general location of crime or fire, and disposition of each reported crime or fire. Faculty, staff, and students are encouraged to review these logs periodically to become more familiar with the types and locations of criminal incidents and fires that may impact the College's campus community.

Additionally, in accordance with the Pennsylvania Uniform Crime Reporting (UCR) Act, the personal identifying information (name and address) of all non-juveniles arrested (by summons, citation, or custodial arrest) during an incident that gets listed in the Daily

Crime and Fire Log will be included in the log's disposition category. The names of crime victims will not be listed on the Daily Crime and Fire Log.

Unless the disclosure is prohibited by law or would jeopardize the confidentiality of the victim, newly reported crimes/incidents within the college's Clery geography and updated information regarding previously reported crimes are entered onto the Daily Crime and Fire Log within two business days of when it is reported to the Department of Public Safety. It is important to note that DPS has no expanded patrol jurisdiction outside of its identified Clery geography.

CLERY CSA POLICY

Purpose:

The purpose of this policy is to set forth crime reporting requirements for all employees who are designated by role or position as Campus Security Authorities (CSAs) in accordance with the Clery Act federal crime reporting law for the purposes of accurate statistical reporting as well as the assessment of incidents for the need to issue a timely warning to the College community. The intent of including non-Public Safety personnel in the CSA role is to acknowledge that some community members and students in particular, may be hesitant about reporting crimes to Public Safety, but may be more inclined to report incidents to other campus-affiliated individuals.

Scope:

This policy applies to all Thiel College employees, including student employees and graduate assistants, who have significant responsibility for campus security or student and campus activities, including, but not limited to Public Safety officers, designated Student Life and Campus Ministry employees, resident advisors, academic deans, advisors to student groups, and coaches and other Athletic Department administrators. Employees falling within these categories are deemed by the College to be CSA's and will be notified of their responsibilities under this policy.

Definitions:

Campus Security Authority: Campus security authority is a Clery-specific term that encompasses four groups of individuals and organizations associated with an institution: 1) A campus police or security department; 2) any individual or group of individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department; 3) any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report crimes; 4) an official of an institution who has significant responsibility for student and campus activities, including, but not limited to student housing, student discipline, and campus judicial proceedings. An **official** is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution. Note: This definition taken from the Handbook for Campus Safety and Security Reporting, Department of Education, 2016 Edition.

Clery Act Crimes: murder/non-negligent manslaughter, negligent manslaughter, forcible sex offenses (rape and forcible fondling), statutory rape, incest, robbery, aggravated assault, burglary, motor vehicle theft, arson, stalking, dating violence, domestic violence, liquor law violations, drug violations and/or illegal weapons possession. See definitions below.

Good Faith: There is a reasonable basis for believing that the information is not simply rumor or hearsay and there is little or no reason to doubt the validity of the information.

Hate crime: A criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation, gender identity, ethnicity or national origin. Bias related crimes that are reportable as hate crimes include murder/non-negligent manslaughter, negligent manslaughter, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, dating violence, domestic violence, stalking, larceny, vandalism, intimidation, and simple assault.

On Campus: Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls.

Non-Campus Property: Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. Examples include but are not limited to off-campus athletic fields, stadiums, tracks, and other venues owned or leased by the College for athletic practices or events, as well as off campus property owned or leased by the College used for distance and continuing education classes. Non-campus properties also include certain foreign locations, where the College has a written agreement to own or control housing.

Public Property: All thoroughfares, streets, sidewalks, and parking facilities that are within the campus, or immediately adjacent to and accessible from the campus.

Report: Crimes are considered "reported" when brought to the attention of a CSA by a victim, witness, other third party or even the offender.

Timely: As soon as pertinent information about an incident is available, but without unnecessary delay.

Policy:

Upon receiving a good faith report of a Clery Act crime or hate crime which is reported to have occurred on campus, on public property or on non-campus property, persons

designated as Campus Security Authorities (CSAs) are required to file a report in the manner identified in this policy.

This policy does not relieve individuals identified as CSAs of possible additional reporting responsibilities under Title IX. CSAs who receive a report of sexual assault, sexual harassment and other sexual misconduct should review the Sexual Assault, Sexual Harassment, and Other Sexual Misconduct.

Procedure:

Identification and Notification of CSA's

The Department of Public Safety is responsible for identifying those individuals whose job responsibilities place them in the role of a CSA. The list of CSAs is maintained and updated by the Department of Public Safety, in collaboration with the Office of Human Resources.

The Department of Public Safety shall annually notify CSAs in writing of their role and responsibilities for reporting crimes in accordance with this policy. The Department of Public Safety shall ensure that CSAs are adequately trained and will establish the method and delivery of training to CSAs based on their roles and responsibilities. These methods may include on line training, in person training or training in the form of written materials.

Responsibilities of CSA's

1. When a crime is reported to a CSA, first ask the person if they would like to report it to Public Safety. If so, contact Public Safety at (724) 589-2222. If the CSA has firsthand knowledge / confirmation that the reporting party filed a report with Public Safety, then they are not obligated to complete and submit a Campus Security Authority Crime Report Form. However, if the reporting party says they will file a report with Public Safety and leaves (thus, no CSA firsthand knowledge / confirmation that a Public Safety report was filed), then the CSA must still report the incident to Public Safety.
2. Timely reporting by the CSA to Public Safety is extremely important. If a serious crime that may cause an ongoing threat to the Thiel community is reported to anyone who is defined as a CSA, that individual should not delay reporting the incident to the Thiel College Department of Public Safety. The College has a responsibility to notify the campus community about any crimes which pose a serious or ongoing threat to the community, and as such, CSAs are obligated by law to report crimes immediately to the Thiel College Department of Public Safety. If there is any question about whether a serious or ongoing threat exists, immediately contact the Director of Thiel College Department of Public Safety.

3. CSAs should base their report on a good faith belief of the reporting person and should not investigate the incident or judge the credibility of the reporting person.
4. CSAs are required reporters regardless of the wishes of the reporting person, victim, witness, or offender to have the matter reported in accordance with this policy.
5. Thiel College permits victims or witnesses to report crimes to CSAs on a voluntary, anonymous basis (and includes such anonymous reports in reported Annual Security Report crime totals) but encourages individuals who report crime to provide identifying information so that the College can adequately investigate the report. Should the reporting person wish to remain anonymous, CSAs are not required to provide the name of the reporting person or any other involved party.

Reporting Procedures for CSAs

1. Any CSA who wishes to report crimes in a way that maintains the confidentiality of the involved parties may do so by using the online form found below.
2. Public Safety employees should report Clery Act crimes or hate crimes using the Departmental records management system software and in accordance with Departmental procedures.
3. Resident Leaders and Graduate Assistants in the Office of Residence Life should report Clery Act crimes through the completion of Residence Life incident reports or by one of the other methods described below. The Director of Residence Life or his/her designee is responsible for forwarding reports of Clery Act crimes or hate crimes to the Department of Public Safety.
4. The Dean of Students Office should report referrals for drug and liquor law offenses to the Department of Public Safety on an annual basis for inclusion in the Annual Security and Fire Safety Report. The Dean of Students Office is required to report all other Clery offenses and Hate Crime offenses in the manner described below.
5. All other CSAs should report Clery Act crimes or hate crimes without unnecessary delay, through any of the following methods:
 - By reporting the incident to the Department of Public Safety by calling (724) 589-2222.
 - By personally notifying the Director of Public Safety by phone, email, or letter.
 - By completing the online CSA Crime Reporting Form, found on the Department of Public Safety website.

SECURITY OF AND ACCESS TO CAMPUS FACILITIES

Academic and Administrative Buildings:

The Thiel College campus is open to the public. The majority of academic and administrative buildings are open during normal business hours (typically Monday through Friday from 8am to 5pm, except holidays) and are typically secured during the late evening hours, depending upon special event scheduling and community

usage. The designated 24-hour academic/administrative buildings are typically secured from 11pm to 6am each night, and access is gained to these buildings via the access control systems. The Langenheim Memorial Library's hours fluctuate, but the library is normally accessible Sunday 4pm to 9pm, Monday-Thursday 8am to 9pm, Friday 8am to 5pm, and closed on Saturday. Members of the Department of Public Safety regularly patrol the interiors and exteriors of all campus facilities.

Residence Halls:

Access to residence halls is restricted to Thiel College students and authorized staff, and the halls are secured by key and lock systems 24 hours a day/7 days a week. First-year residence halls and other select large scale residential facilities are restricted to Thiel College students and authorized staff, and are secured 24 hours a day/7 days a week by an access control system. Members of the Department of Public Safety routinely patrol the interior common areas, spaces, and hallways of buildings equipped with such common spaces and regularly patrol the exteriors of all campus residence halls. Residence hall professional and student staff also enforce campus policies and security measures within the residence halls to achieve a community respectful of individual and group rights and responsibilities.

Break Housing:

During the academic year, the College officially closes for Thanksgiving, Winter breaks. The residence halls close for Winter Break. Notices of specific times and dates are publicized in the College's Academic Calendar and before each break. Students are reminded to make travel arrangements accordingly; all students must vacate the residence halls during this break. Break Housing for students who cannot return home or leave campus may be provided. Should a student need break housing accommodations during any portion of the break, they must make arrangements with the Housing Coordinator in the Student Life office. When the residence halls close for break, students are expected to take out trash and perishable food, unplug items in the room, turn out the lights, and shut and lock the windows. Bedroom doors that are lockable and apartment doors must be closed and locked. A list of complete closing procedures will be distributed about two weeks prior to break closing. Residents may leave personal items in their room during all breaks, except for the summer. However, due to the "unoccupied" status of the campus during breaks, it is suggested that students take valuable items with them to ensure their safety. Staff members from Student Life and Department of Public Safety conduct inspections during breaks. Any infractions will be noted, and the student will be notified and/or charged accordingly. Any student requesting access to their residence hall or room during winter break when the residence halls are

officially closed shall present themselves to the Department of Public Safety and request permission for access. Public Safety will authorize a student access to their respective room for legitimate reasons only. Public Safety officers authorize full discretion in determining a student's legitimacy to enter the closed residence hall based on the information given. For example, access should be limited to medical needs and necessities and similar related urgent requests. Once the legitimacy of the request is established, access requests will be managed as follows: the student's identity, resident status, and room assignment will be verified; after this verification, an officer will escort the student to their room, allow drop-off or retrieval of the item(s) in question, and then escort the student from the building.

DAILY CRIME AND FIRE LOG

The Department of Public Safety makes the Daily Crime and Fire Logs for the most recent 60-day period open to public inspection during normal business hours (typically Monday through Friday, from 8am to 5pm, except holidays). Any portion of these crime and fire logs that are older than 60 days are made available for public inspection within two business days of a request. All confirmed fires occurring within or on any and all on-campus residential facilities will also be included in the Daily Crime and Fire Log. The information in the crime and fire log typically includes the incident number, crime classification or nature of the fire, date reported, date occurred, general location of crime or fire, and disposition of each reported crime or fire. Faculty, staff, and students are encouraged to review these logs periodically to become more familiar with the types and locations of criminal incidents and fires that may impact the College's campus community. Additionally, in accordance with the Pennsylvania Uniform Crime Reporting (UCR) Act, the personal identifying information (name and address) of all non-juveniles arrested (by summons, citation, or custodial arrest) during an incident that gets listed in the Daily Crime and Fire Log will be included in the log's disposition category. The names of crime victims will not be listed on the Daily Crime and Fire Log. Unless the disclosure is prohibited by law or would jeopardize the confidentiality of the victim, newly reported crimes/incidents within the college's Clery geography and updated information regarding previously reported crimes are entered onto the Daily Crime and Fire Log within two business days of when it is reported to the Department of Public Safety. It is important to note that DPS has no jurisdiction outside of its identified Clery geography.
